The Passive Mans Guide To Seduction:

The Passive Man's Guide to Seduction Franklin Parlamis, Eric Weber, 1996-06 At last a seduction strategy for the new millennium Throughout the past decade or so men have taken a healthy fall from patriarchy to passivity and women have moved from suffragists to seducers Women are not simply equals anymore they ve become the aggressors They re the ones who insist on being in control So what should a guy do Nothing that s what That s right you don t need a line All you ve got to do is be yourself Too hokey to be true Not in this age of the passive man In this amazing book The Passive Man s Guide to Seduction you ll see how man is embracing his latent passive nature and luring women like moths to a flame Parlamis taps into the psyche of the woman of the 90 s and shows us why attracting women has never been easier Gone are the days of pseud studs tossing out one liners and flashing their bills Effortlessness is cool Acting natural is in Start attracting women without doing a damn thing
