The Penis Chronicles Comedy For The Relationship Challenged:

The Postmodern Humanism of Philip K. Dick Jason P. Vest, 2009-02-17 From his 1952 short story *Roog* to the novels *The Divine Invasion* and *VALIS* few authors have had as great of an impact in the latter half of the 20th century as Philip K Dick In *The Postmodern Humanism of Philip K Dick* Jason Vest explores the work of this prolific subversive and mordantly funny science fiction writer He examines how Dick adapted the conventions of science fiction and postmodernism to reflect humanist concerns about the difficulties of maintaining identity agency and autonomy in the latter half of the 20th century In addition to an extensive analysis of the novel *Now Wait for Last Year* Vest makes intellectually provocative comparisons between Dick and the works of Franz Kafka Jorge Luis Borges and Italo Calvino He offers a detailed examination of Dick s literary relationship to all three authors illuminating similarities between Dick and Kafka that have not previously been discussed as well as similarities between Dick and Borges that scholars frequently note but fail to explore in detail Like Kafka Borges and Calvino Dick employs fantastic unreal and visionary fiction to reflect the disruptions dislocations and depressing realities of twentieth century life By comparing him to these other writers Vest demonstrates that Dick s fiction is a fascinating barometer of postmodern American life even as it participates in an international tradition of visionary literature

Chronicles, 1987 *Stellar Transformations* Steven Rybin, 2022-01-14 *Stellar Transformations* Movie Stars of the 2010s circles around questions of stardom performance and their cultural contexts in ways that remind us of the alluring magic of stars while also bringing to the fore the changing ways in which viewers engaged with them during the last decade A salient idea that guides much of the collection is the one of transformation expressed in these pages as the way in which post millennial movie stars are in one way or another reshaping ideas of performance and star presence either through the self conscious revision of aspects of their own personas or in redirecting or progressing some earlier aspect of the culture Including a diverse lineup of stars such as Oscar Isaac Kristen Stewart Tilda Swinton and Tyler Perry the chapters in *Stellar Transformations* paint the portrait of the meaning of star images during the complex decade of the 2010s and in doing so will offer useful case studies for scholars and students engaged in the study of stardom celebrity and performance in cinema

The B Word Maria San Filippo, 2013-04-12 Often disguised in public discourse by terms like gay homoerotic homosocial or queer bisexuality is strangely absent from queer studies and virtually untreated in film and media criticism Maria San Filippo aims to explore the central role bisexuality plays in contemporary screen culture establishing its importance in representation marketing and spectatorship By examining a variety of media genres including art cinema sexploitation cinema and vampire films bromances and series television San Filippo discovers missed moments where bisexual readings of these texts reveal a more malleable notion of subjectivity and eroticism San Filippo s work moves beyond the subject of heteronormativity and responds to compulsory monosexuality where it s not necessarily a couple s gender that is at issue but rather that an individual chooses one or the other *The B Word* transcends dominant relational formation gay straight or

otherwise and brings a discursive voice to the field of queer and film studies **TV Guide**, 2006 **TLA Film, Video, and DVD Guide 2002-2003** David Bleiler, 2001-11-03 A film video and DVD guide for the true lover of the cinema this volume focuses on independent and international films as well as the best of the mainstream 450 photos throughout *Screens Fade to Black* David J. Leonard, 2006-06-30 The triple crown of Oscars awarded to Denzel Washington Halle Berry and Sidney Poitier on a single evening in 2002 seemed to mark a turning point for African Americans in cinema Certainly it was hyped as such by the media eager to overlook the nuances of this sudden embrace In this new study author David Leonard uses this event as a jumping off point from which to discuss the current state of African American cinema and the various genres that currently compose it Looking at such recent films as *Love and Basketball* *Antwone Fisher* *Training Day* and the two *Barbershop* films all of which were directed by black artists and most of which starred and were written by blacks as well Leonard examines the issues of representation and opportunity in contemporary cinema In many cases these films which walk a line between confronting racial stereotypes and trafficking in them made a great deal of money while hardly playing to white audiences at all By examining the ways in which they address the American Dream racial progress racial difference blackness whiteness class capitalism and a host of other issues Leonard shows that while certainly there are differences between the grotesque images of years past and those that define today's era the consistency of images across genre and time reflects the lasting power of racism as well as the black community's response to it *A Short History of English Literature* Harry Blamires, 2013-02-28 First published in 2012 This work of introduction is designed to escort the reader through some six centuries of English literature It begins in the fourteenth century at the point at which the language written in our country is recognizably our own and ends in the 1950s It is a compact survey summing up the substance and quality of the individual achievements that make up our literature The aim is to leave the reader informed about each writer's main output sensitive to the special character of his gifts and aware of his place in the story of our literature as a whole
