preserving the city's damaged architecture. He returned to Pskov after the war to a city devastated by Nazi brutality, living under extremely severe conditions and supported in his work by his wife, the architect Olga K Arshakuni. As the second half of the title indicates, the book chronicles his efforts to preserve architectural monuments in post-war Pskov in 1944-47, detailing his conservation and restoration work, his revolutionary project for architectural reserves, and the foundation of the Pskov Restoration Workshop. However, he was eventually driven from his native city by forces opposed to his plans and ideas. The *Outcast Visionary* is an outsider's account who battled the reconstruction projects undertaken in Pskov by a government hostile to its architectural legacy. The book addresses in detail such topics as his controversial theories on the evolution and characteristics of Pskov stone church and house architecture, his extensive legacy of scholarly publications, and his fine graphic and applied art. In the conclusion, it examines Spegal's lasting influence on the cultural life of Pskov and his relevance for those now engaged in the same battle. Spegal fought his entire life for cultural preservation. *Outcast Visionary* is illustrated with 190 photographs, graphics, and examples of Spegal's outstanding creations in painting, drawing, graphic design, wood carving, and other media, all connected with the ancient culture and architecture of his native city, Pskov. With extensive source notes and bibliography, *Outcast Visionary* is intended for anyone interested in art, architecture, cultural preservation, city planning, and simply the life story of a fascinating and complex man who was tragically born out of his time. Irina B Golubeva, architectural historian and former Chairman of the Pskov branch of the All Russia Society for the Protection of Monuments of History and Culture, wrote: "The book's publication promises to be a significant cultural event in Pskov, and called it "A balanced, meticulously researched and respectful examination of the life and work of this talented man against the backdrop of a turbulent period in the history of Pskov. A respectful bow to Dr. Cothren for his work preserving the memories of a complex bygone era, 20th-century Russia." The author's wife summed up the book succinctly in the Preface: "At its heart, *Outcast Visionary* is a love story written by a man who shares Spegal's passion for Pskov."
