What Is Sahaj Marg

Shri P. Rajagopalachari

What Is Sahaj Marg:

Sahaj Marg Philosophy Ram Chandra, Sahaj Marg Philosophy is a compilation of Ram Chandra's writings on philosophy as an intuitive science which underlies the practices of Sahaj Marg. He explains the nature of real peace, the heart as the field of the mind, prayer as our link with the Source, and the importance of having a teacher of calibre. He expands on both the roles of the student and teacher throughout the spiritual journey and especially the role of the teacher in transmitting Prana-huti, Yogic Transmission. Sahaj Marg Philosophy has come from the source of his personal experience and superconscious awareness in the realm of Reality and beyond. Having himself journeyed to the Source, he presents philosophy from direct perception and in this respect it is akin to the great sacred texts of the past.

Commentary on the Ten Maxims of Sahaj Marg Ram Chandra, In this book Ram Chandra has endeavoured to put into words those spiritual secrets that had previously been passed down from spiritual teacher to student silently through vibrations from heart to heart. They relate to direct perception, to the study of Nature. Instead of focusing on what not to do, he shows us what we can do to mould our lifestyle to be in tune with our spiritual journey. The ten guiding principles are beautifully designed to follow the natural cycle of the day, starting with rising and meditating before dawn and finishing with the practices to be done just before sleeping at night. In between, he focuses on the principles that help us to meet the challenges of daily lives, being in tune with Nature, being authentic, accepting what comes, letting go of negative emotions and guilt, nurturing human oneness and unity in diversity, cultivating positive attitudes towards resources like food and money, and changing behavioural patterns that are limiting. If practised, these Maxims are ten steps to eternal peace and fulfilment in life.

Efficacy of Raja Yoga Ram Chandra, 1901 Efficacy of Raja Yoga was written in the 1940s; today it is still a pioneering treatise for any seeker of the Truth. Ram Chandra brings Raja Yoga into the modern world through the simple practices of Sahaj Marg and explains the central role of meditation in human evolution. For the first time in written history, we find precise and scientific explanations of the three aspects of human existence: the Heart Region which relates to life in this physical plane, the Mind Region which relates to our subtle existence, especially the process of transcending ego, and the Central Region which goes beyond the mind to the realm of the soul. Efficacy of Raja Yoga is a book to re-read along with one's spiritual practice, as with each reading it is as if another layer of ignorance has been peeled off, revealing more of our potential.
