Cargo Cult Lamont Lindstrom,2019-03-31 Who is not captivated by tales of Islanders earnestly scanning their watery horizons for great fleets of cargo ships bringing rice radios and refrigerators ships that will never arrive Of all the stories spun about the island peoples of Melanesia tales of cargo cult are among the most fascinating The term cargo cult Lamont Lindstrom contends is one of anthropology s most successful conceptual offspring Like culture worldview and ethnicity its usage has steadily proliferated migrating into popular culture where today it is used to describe an astonishing roll call of people It s history makes for lively and compelling reading The cargo cult story Lindstrom shows is more significant than it at first appears for it recapitulates in summary form three generations of anthropological theory and Pacific studies Although anthropologists enthusiasm for the notion of cargo cult has waned it now colors outsiders understanding of Melanesian culture and even Melanesians perceptions of themselves The repercussions for contemporary Islanders are significant leaders of more than one political movement have felt the need to deny that they are any kind of cargo cultist Of particular interest to this history is Lindstrom s argument that accounts of cargo cult are at heart tragedies of thwarted desire melancholy anticipation and crazy unrequited love He makes a convincing case that these stories expose powerful Western scenarios of desire itself giving cargo cult its combined titillation of the fascinating exotic and the comfortably familiar

Magazine ,1900 **Metaphysics, Sophistry, and Illusion** Mark Balaguer,2021-01-26 Metaphysics Sophistry and Illusion does two things First it introduces a novel kind of non factualist view and argues that we should endorse views of this kind in connection with a wide class of metaphysical questions most notably the abstract object question and the composite object question More specifically Mark Balaguer argues that there s no fact of the matter whether there are any such things as abstract objects or composite objects or material objects of any other kind Second Metaphysics Sophistry and Illusion explains how these non factualist views fit into a general anti metaphysical view called neo positivism and explains how we could argue that neo positivism is true Neo positivism is the view that every metaphysical question decomposes into some subquestions call them Q1 Q2 Q3 etc such that for each of these subquestions one of the following three anti metaphysical views is true of it non factualism or scientism or metaphysically innocent modal truth ism These three views can be defined very roughly as follows non factualism about a question Q is the view that there s no fact of the matter about the answer to Q Scientism about Q is the view that Q is an ordinary empirical scientific question about some contingent aspect of physical reality and Q can t be settled with an a priori philosophical argument And metaphysically innocent modal truth ism about Q is the view that Q asks about the truth value of a modal sentence that s metaphysically innocent in the sense that it doesn t say anything about reality and if it s true isn t made true by reality *Official Gazette* Philippines,1916 **Aspects of Child Life and Education of G.Stanley-Hall and Some of His Pupils** Granville Stanley Hall,1921 **Puck** ,1883 **Air Cargo** Joachim G.
