What Really Happened To Adolf Hitler:

What Really Happened: The Death of Hitler Robert J. Hutchinson,2020-08-04 Think You Know Everything about the death of Hitler Think Again After World War II 50 percent of Americans polled said they didn't believe Adolf Hitler and Eva Braun had committed suicide in their bunker in 1945 as captured Nazi officials claimed Instead they believed the dictator faked his death and escaped perhaps to Argentina This wasn't a crazy opinion Joseph Stalin told Allied leaders that Soviet forces never discovered Hitler's body and that he personally believed the Nazi leader had escaped justice At least two German submarines crossed the Atlantic and landed on the coast of Argentina in July 1945 Plus there were numerous reports of top Nazi officials successfully fleeing to South America where there was a large German colony Incredible as it sounds the mystery surrounding Adolf Hitler's final days only deepened in 2009 when a U.S. forensic team announced that a piece of Hitler's skull held in Soviet archives was not actually Hitler's International interest increased further in 2014 when the FBI released previously classified files detailing investigations surrounding Hitler's possible escape And the following year The History Channel launched a three year reality TV series investigating if it was possible Hitler did somehow survive So what really happened Popular history writer Robert J Hutchinson author of What Really Happened The Lincoln Assassination takes a fresh look at the evidence and discovers once and for all the truth about Hitler's last week in Berlin Among the questions the book explores are What did surviving Nazi eyewitnesses really say about the Führer's final days in the bunker and could they have been lying to aid Hitler's escape If Hitler didn't escape why did the Allies not find his body What about Hitler's proven use of body doubles Could Hitler have used a body double in the bunker while he and Eva Braun flew to safety in a long range aircraft that took off from a runway in Berlin's Tiergarten Why did the FBI continue to investigate reports of Hitler's survival for more than a decade after World War II reports that were only declassified in 2014 What about sensational claims in books such as The Grey Wolf that Hitler and Eva Braun lived in an isolated chalet in the Andes and that Hitler died in 1962 Why were forensic tests on crucial physical evidence only conducted in 2016 more than 70 years after World War II ended And lots MORE [Hitler's Death](#) Luke Daly-Groves,2019-03-21 A revealing look at the many conspiracy theories surrounding the death of the twentieth century's most destructive dictator Did Hitler shoot himself in the Führerbunker or did he slip past the Soviets and escape to South America Countless documentaries newspaper articles and internet pages written by conspiracy theorists have led the ongoing debate surrounding Hitler's last days Historians have not yet managed to make a serious response Until now This book is the first attempt by an academic to return to the evidence of Hitler's suicide in order to scrutinise the most recent arguments of conspiracy theorists using scientific methods Through analysis of recently declassified MI5 files previously unpublished sketches of Hitler's bunker personal accounts of intelligence officers along with stories of shoot outs plunder and secret agents this scrupulously researched book takes on the doubters to tell the full story of how Hitler died **Hitler's Words** Adolf Hitler,American Council on Public Affairs,1944

The Unmaking of Adolf Hitler Eugene Davidson,1996 Davidson describes in detail Hitler's remarkable successes his stratagems in reviving morale and undoing the lopsided treaties and his shrewd moves to take advantage of the fatal miscalculations of the coalition that had been aligned against the Reich

Hitler the Pawn Rudolf Olden,1936 *Inside Hitler's High Command* Geoffrey P. Megargee,2000 Challenging previous accounts Megargee shatters the myth that German generals would have prevailed in World War II if only Hitler had not meddled in their affairs Instead he observes that the military's strategic ideas were no better than Hitler's and often were worse

20 photos *Lives of Hitler's Jewish Soldiers* Bryan Mark Rigg,2009 They were foot soldiers and officers They served in the regular army and the Waffen SS And remarkably they were also Jewish at least as defined by Hitler's infamous race laws Pursuing the thread he first unraveled in *Hitler's Jewish Soldiers* Bryan Rigg takes a closer look at the experiences of Wehrmacht soldiers who were classified as Jewish In this long awaited companion volume he presents interviews with twenty one of these men whose stories are both fascinating and disturbing As many as 150 000 Jews and partial Jews or Mischlinge served often with distinction in the German military during World War II The men interviewed for this volume portray a wide range of experiences some came from military families some had been raised Christian revealing in vivid detail how they fought for a government that robbed them of their rights and sent their relatives to extermination camps Yet most continued to serve since resistance would have cost them their lives and they mistakenly hoped that by their service they could protect themselves and their families The interviews recount the nature and extent of their dilemma the divided loyalties under which many toiled during the Nazi years and afterward and their sobering reflections on religion and the Holocaust including what they knew about it at the time Rigg relates each individual's experiences following the establishment of Hitler's race laws shifting between vivid scenes of combat and the increasingly threatening situation on the home front for these men and their family members Their stories reveal the constant tension in their lives how some tried to hide their identities and how a few were even Aryanized as part of Hitler's effort to retain reliable soldiers including Field Marshal Erhard Milch three star general Helmut Wilberg and naval commander Bernhard Rogge Chilling compelling almost beyond belief these stories depict crises of conscience under the most stressful circumstances *Lives of Hitler's Jewish Soldiers* deepens our understanding of the complex intersection of Nazi race laws and German military service both before and during World War II
