## **Wildlife Wars:**

*Wildlife Wars* Terry Grosz, 1999 Environmentalism meets Indiana Jones in these rip snorting tales of a former wildlife conservation officer The bad guys here are illegal deer hunters law breaking drag boat fishermen who pilfer the ocean depths poachers who kill elk anglers who disrupt historic salmon spawning grounds and other miscreants who feed the flourishing illicit wildlife trade Grosz has seen them all and arrested many in his 32 years as a special agent for the U S Fish and Wildlife Service and as a California state fish and game warden A bear of a man six foot four over 300 pounds Grosz relates his exploits in adventures full of slam bang action and bravado tempered by a coolheaded sense of humor Motivated by reverence for God s creation he comes off as a mixture of guts and heart In one episode he sleeps overnight in a California rice field with a feeding flock of several thousand mallard ducks to protect them from commercial hunters Full of gumption and guile Grosz readily admits to failings that render him more likably human He gets seasick and retches while making on board boat inspections and in one bust gone bad a duck hunter sprays his backside with 189 shotgun pellets Overall these offbeat tales effectively dramatize the underfunded underappreciated dangerous and heroic activities of wildlife agents Oct

*Wildlife's Quiet War* Terry Grosz, 2013-04-01 In WILDLIFE S QUIET WAR Terry Grosz continues to chronicle his remarkable career defending America s voiceless wild creatures Since his first days as a California game warden in 1966 to the end of his career as a special agent for the U S Fish and Wildlife Service in 1998 Terry Grosz has been fighting to put those in the business of extinction out of business In this his tenth memoir he recounts his adventures as a United States Game Management Agent where he matched wits against cold hearted killers commercial market hunters run of the mill poachers sportsmen run amuck outlaw Native Americans politicians and law enforcement officers straying over the line of legality wealthy land owners and just plain dedicated killers of wildlife Some set out to poach wildlife others are recreational shooters who become possessed by their primitive blood lust The effect is always the same however the destruction of a natural resource that should belong to those Americans who are yet to come Bad weather is thrown into the mix and a ton of side slapping funnies that can only can happen to those who offend Mother Nature Terry Grosz made every effort to stop these heartless criminals and Wildlife s Quiet War book has all the excitement drama and sometimes lively humor of his adventures Terry Grosz was a conservation officer for California and the U S Fish and Wildlife Service for more than 30 years Wildlife Wars his first book won the National Outdoor Book Award and was the basis of a docudrama featured on Animal Planet Eight memoirs followed His Mountain Men Novels include Crossed Arrows Curse of the Spanish Gold The Saga of Harlan Waugh and The Adventures of the Brothers Dent **A Sword for Mother Nature** Terry Grosz, 2002 Award winning author Terry Grosz whose career in conservation is matched by his skill as a storyteller revisits his rookie years as a fish and game warden for the State of California where his on the job training got him into some awful scrapes but the bad guys he chased almost always got into worse ones As a law enforcement agent he learned to sniff out trouble defuse tense situations

and stay alive and as a human being he learned to temper justice with mercy and to treat everyone fairly Grosz's stories are action packed and driven by his passion to preserve our country's wildlife whether he was working under the wing of a mentor fighting out from underfoot of the bureaucrats or stepping on the toes of corrupt and hypocritical politicians

*Ruling Nature, Controlling People* Luregn Lenggenhager, 2018-09-17 Recent nature conservation initiatives in Southern Africa such as communal conservancies and peace parks are often embedded in narratives of economic development and ecological research They are also increasingly marked by militarisation and violence In *Ruling Nature Controlling People* Luregn Lenggenhager shows that these features were also characteristic of South African rule over the Caprivi Strip region in North Eastern Namibia especially in the fields of forestry fisheries and ultimately wildlife conservation In the process the increasingly internationalised war in the region from the late 1960s until Namibia's independence in 1990 became intricately interlinked with contemporary nature conservation ecology and economic development projects By retracing such interdependencies Lenggenhager provides a novel perspective from which to examine the history of a region which has until now barely entered the focus of historical research He thereby highlights the enduring relevance of the supposedly peripheral Caprivi and its military scientific and environmental histories for efforts to develop a deeper understanding of the ways in which apartheid South Africa exerted state power
