

**YOU CAN'T WIN.
SO WIN.**

“At Nike, we make sure the athlete is at the center of everything we do, from product creation to storytelling. We are at our best when we are representing the voice of the athlete, and their voice becomes our voice. This brand anthem, featuring elite Nike athletes, is a perfect example of how we can inspire everyone to win, whatever that means for them.”

You Can Win:

You Can Win Shiv Khera, 2018-11-30 Winners don't do different things they do things differently A practical common sense guide that will lead you from ancient wisdom to modern day thinking You Can Win will help you to establish new goals develop a renewed sense of purpose and generate fresh and exciting ideas about yourself and your future Shiv Khera guarantees as the title suggests a lifetime of success The book enables you to translate positive thinking into attitude ambition and action all of which combine to give you the winning edge This book will help you to Build confidence by mastering the seven steps to positive thinking Be successful by turning weaknesses into strengths Gain credibility by doing the right things for the right reasons Take charge by controlling things instead of letting them control you Build trust by developing mutual respect with the people around you and Accomplish more by removing the barriers to effectiveness

Workers Can Win Ian Allinson, 2022-10-20 The Covid climate and cost of living crises all hang heavy in the air It's more obvious than ever that we need radical social and political change But in the vacuum left by defeated labour movements where should we begin For longtime workplace activist Ian Allinson the answer is clear organising at work is essential to rebuild working class power The premise is simple organising builds confidence capacity and collective power and with power we can win change *Workers Can Win* is an essential practical guide for rank and file workers and union activists Drawing on more than 20 years of organising experience Allinson combines practical techniques with an analysis of the theory and politics of organising and unions The book offers insight into tried and tested methods for effective organising It deals with tactics and strategies and addresses some of the roots of conflict common problems with unions and the resistance of management to worker organising As a 101 guide to workplace organising with politically radical horizons *Workers Can Win* is destined to become an essential tool for workplace struggles in the years to come **Viereck's**, 1917 **Quit** Annie Duke, 2022-10-04 From the bestselling author of *Thinking in Bets* comes a toolkit for mastering the skill of quitting to achieve greater success Business leaders with millions of dollars down the drain struggle to abandon a new app or product that just isn't working Governments caught in a hopeless conflict believe that the next tactic will finally be the one that wins the war And in our own lives we persist in relationships or careers that no longer serve us Why According to Annie Duke in the face of tough decisions we're terrible quitters And that is significantly holding us back In *Quit* Duke teaches you how to get good at quitting Drawing on stories from elite athletes like Mount Everest climbers founders of leading companies like Stewart Butterfield the CEO of Slack and top entertainers like Dave Chappelle Duke explains why quitting is integral to success as well as strategies for determining when to hold em and when to fold em that will save you time energy and money You'll learn How the paradox of quitting influences decision making If you quit on time you will feel you quit early What forces work against good quitting behavior such as escalation commitment desire for certainty and status quo bias How to think in expected value in order to make better decisions as well as other best practices such as increasing flexibility in goal setting

establishing quitting contracts anticipating optionality and conducting premortems and backcasts Whether you re facing a make or break business decision or life altering personal choice mastering the skill of quitting will help you make the best next move

The Resolution of Conflict Morton Deutsch,1973-01-01 The basic question to which this book is addressed is not how to eliminate or prevent conflict but rather how to make it productive or minimally how to prevent it from being destructive I shall not deal with situations of pure conflict in which inevitably one side loses what the other gains My interest is in conflict where there is a mixture of cooperative and competitive interests where a variety of outcomes is possible mutual loss gain for one and loss of the other and mutual gain Thus my query can be restated as an investigation of the conditions under which the participants will evolve a cooperative relationship or a competitive relationship in a situation which permits either from the introduction
