Zarathustras Secret:

Zarathustra's Secret Joachim Köhler,2002-01-01 In this groundbreaking biography the author seeks to understand Nietzsche's philosophy through a reconstruction of his inner life Briskly written almost a philosophical detective story Volksblatt 43 illustrations

Zarathustra's Secret Joachim Kohler,1998-01-01 [The Religious Revolution](#) Dominic Green,2022-04-19 An incisive study of the Western world's shift from institutional religion to more personal beliefs in the second half of the 19th century This is intellectual history at its most comprehensive and convincing Publishers Weekly starred review The late nineteenth century was an age of grand ideas and great expectations fueled by rapid scientific and technological innovation In Europe the ancient authority of church and crown was overthrown for the volatile gambles of democracy and the capitalist market If it was an age that claimed to liberate women slaves and serfs it also harnessed children to its factories and subjected entire peoples to its empires Amid this tumult another sea change was underway the religious revolution In *The Religious Revolution* Dominic Green charts this profound cultural and political shift taking us on a whirlwind journey through the lives and ideas of Ralph Waldo Emerson and Walt Whitman of L. P. and Helena Blavatsky of Wagner and Nietzsche of Marx Darwin and Gandhi Challenged by the industrialization globalization and political unrest of their times these figures found themselves connecting with the religious impulse in surprising new ways inspiring others to move away from the strictures of religion and toward the thrill and intimacy of spirituality The modern era is often characterized as a time of increasing secularism but in this trenchant new work Green demonstrates how the foundations of modern society were laid as much by spirituality as by science or reason *The Religious Revolution* is a narrative tour de force that sweeps across several continents and five of the most turbulent and formative decades in history Threading together seemingly disparate intellectual trajectories Green illuminates how philosophers grifters artists scientists and yogis shared in a global cultural moment borrowing one another's beliefs and making the world we know today

Contesting Spirit Tyler T. Roberts,1998-10-19 Challenging the dominant scholarly consensus that Nietzsche is simply an enemy of religion Tyler Roberts examines the place of religion in Nietzsche's thought and Nietzsche's thought as a site of religion Roberts argues that Nietzsche's conceptualization and cultivation of an affirmative self require that we interrogate the ambiguities that mark his criticisms of asceticism and mysticism What emerges is a vision of Nietzsche's philosophy as the enactment of a spiritual quest informed by transfigured versions of religious tropes and practices Nietzsche criticizes the ascetic hatred of the body and this worldly life yet engages in rigorous practices of self-denial he sees philosophy as such a practice and affirms the need of imposing suffering on oneself in order to enhance the spirit He dismisses the intoxication of mysticism yet links mysticism power and creativity and describes his own self-transcending experiences The tensions in his relation to religion are closely related to that between negation and affirmation in his thinking in general In Roberts's view Nietzsche's transfigurations of religion offer resources for a postmodern religious imagination Though as a master of suspicion Nietzsche

with Freud and Marx is an integral part of modern antireligion he has the power to take us beyond the flat modern distinction between the secular and the religious a distinction that at the end of modernity begs to be reexamined Circé's Island Eden Phillpotts,1925 Zarathustra's Love Beyond Wisdom David Goicoechea,2002-01-01 A study of Nietzsche's Zarathustra

Contemporary Authors Lisa Kumar,2004-06 A biographical and bibliographical guide to current writers in all fields including poetry fiction and nonfiction journalism drama television and movies Information is provided by the authors themselves or drawn from published interviews feature stories book reviews and other materials provided by the authors publishers *The Shadow of the Antichrist* Stephen N. Williams,2006-06 In *The Shadow of the Antichrist* Williams fills a significant gap in the scholarly literature by examining Nietzsche's critique of Christianity and his continuing influence Williams begins with a basic question What was it about Christianity that caused Nietzsche's agitation He aims to answer that question not with a systematic survey of Nietzsche's thought but rather through a careful examination of themes that emerge in his ruminations on religion BOOK JACKET Lesbian Bedtime Stories Terry Woodrow,1989
