Zen Dawn:

Zen Dawn, 2001-11-13 This important book brings together three long lost texts the earliest known writings on Zen Records of the Teachers and Students of the Lanka presents a complete set of biographies of the Zen patriarchs Bodhidharma s Treatise on Contemplating Mind written in the form of a dialogue between the first Zen patriarch Bodhidharma and his successor Huke views all the various practices of the Bodhisattva path from the perspective of cultivating mind Treatise on Sudden Enlightenment presents a series of questions and answers illuminating the true nature of sudden enlightenment as pure undifferentiated mind Dating from the first half of the eighth century and only recently rediscovered in Tun Huang China these books offer the best information currently available on the early meditation techniques of the northern school of Zen Buddhism **Zen** Philip Kapleau,1980 **Meteorological Observations Made at the Magnetic and Meteorological Observatory at Simla During the Years 1841-1845** Simla (India). Observatory,1872 Sudden and Gradual Peter N. Gregory,1991-01-01 This volume examines the historical basis of the debate over sudden versus gradual approaches to enlightenment in Chinese Buddhism seeing it as part of a recurrent polarity in Chinese history and thought Sudden and Gradual includes essays by Luis O Gomez on the philosophical implications of the debate in China and Tibet Whalen Lai on Taodheng s theory of sudden enlightenment Neal Donner on Chih i s system of T ien t ai John R McRae on Shen Hui s sudden enligthenment and its precedents in Northern Ch an Peter N Gregory on Tsung i s theory of sudden enlightenment **Patriarchs on Paper** Alan Cole,2016-11 Chan Buddhism better known as Zen produced an enormous amount of literature and yet many Chan advocates medieval and modern insist that Chan and its truths can be found in neither language nor literature Patriarchs on Paper explores this paradox by considering several genres of Chan literature that appeared during the Tang and Song dynasties c 600 1300 including genealogies biographies dialogues poems monastic handbooks and koans Looking carefully at this body of literature Alan Cole shows how Chan authors gradually constructed in ever more artful portrayals images of the perfectly simple masters of the past best known for their freedom from literature and cultural norms Patriarchs on Paper explores how this kind of fantasy Buddhism interacted with its more traditional Chinese forms and in so doing sheds new light on how Chan s illustrious ancestors were created in literature to satisfy a wide range of agendas Provided by publisher Modernism and the Occult John Bramble,2015-03-04 This study of modernism s high imperial occult exotic affiliations presents many well known figures from the period 1880 1960 in a new light Modernism and the Occult traces the history of modernist engagement with irregular heterodox and imported knowledge **Halfway Up The Mountain** Mariana Caplan,2014-03-04 Caplan TO TOUCH IS TO LIVE asserts that the reality of the present condition of contemporary spirituality in the West is one of grave distortion confusion fraud and a fundamental lack of education She claims that as positive as the tremendous rise in spirituality is there is not any context for determining whether any particular teaching or teacher is truly enlightening Caplan compiles

interviews with such noted spiritual masters as Joan Halifax Llewellyn Vaughan Lee and Rabbi Zalman Schachter Shalomi on the nature of enlightenment In the first section Caplan examines the motivations people have for seeking enlightenment and contends that very often they seek this state as a means of gratifying the ego This presumption of enlightenment she says often afflicts teachers masquerading as spiritual leaders These teachers sometimes look down on their students and gloat over how far they have come and how far the students have to go A second section focuses on The Dangers of Mystical Experience in which Caplan claims that many seekers mistake the mystical experience itself for enlightenment she and the teachers she interviews all assert that enlightenment always involves gaining some knowledge about self and others The third section Corruption and Consequence focuses on the nature of power and corruption the fourth section Navigating the Mine Field Preventing Dangers on the Path provides a survey of the ways in which practitioners can avoid the pitfalls of false enlightenment A final section Disillusionment Humility and the Beginning of Spiritual Life concludes that the Real spiritual life is the life of total annihilation and the return to just what is Caplan s illuminating book calls into question the motives of the spiritual snake handlers of the modern age and urges seekers to pay the price of traveling the hard road to true enlightenment

Zen Sourcebook Stephen Addiss, Stanley Lombardo, Judith Roitman, 2008 This is the first collection to offer selections from the foundational texts of the Chinese Korean and Japanese Zen traditions in a single volume Through representative selections from their poetry letters sermons and visual arts the most important Zen Masters provide students with an engaging cohesive introduction to the first 1 200 years of this rich and often misunderstood tradition A general Introduction provides historical biographical and cultural context notes on translation and a glossary are also included

Journeys East Harry Oldmeadow, 2004-04-28 This is the first book to treat the impact of religious philosophical and psychological traditions of the East on Western intellectuals artists travellers and spiritual seekers in the twentieth century Addressed to both general readers and scholars of religion it is especially valuable for its penetrating and inter religious analysis of two of the most compelling themes now facing the world the emergence of cross cultural religious understanding of the natural order and ecological crisis and the metaphysical basis for both the formal diversity and essential unity of religious traditions of both East and West The West has long romanticized the mysterious East but it has also judged its traditions as uncivilized Our notions about Eastern spirituality have been formed by a succession of travellers scientists artists intellectuals poets philosophers and missionaries as well as by Eastern travellers who have spent time in the West This book helps us to recognize the influence of Eastern ideas upon modern Western thought by tracing the history of engagements between East and West up until the present day It concludes with a section that helps us to perceive the timeless value of the many Eastern contributions to the West s current intellectual and spiritual state
