*Pierce the Skin* Henri Cole, 2014-08-12 A GENEROUS SELECTION FROM ONE OF OUR GREATEST LIVING POETS Henri Cole has been described as a fiercely somber yet exuberant poet by Harold Bloom who identifies him as the central poet of his generation Cole's most recent poems have a daring sensitivity and imagistic beauty unlike anything on the American scene today Whether they are exploring pleasure or pain humor or sorrow triumph or fear they reach for an almost shocking intensity Cole's fourth book *Middle Earth* awakened his audience to him as a poet now writing the poems of his career *Pierce the Skin* brings together sixty six poems from the past twenty five years including work from Cole's early closely observed virtuosic books long out of print as well as his important more recent books *The Visible Man* 1998 *Middle Earth* 2003 and *Blackbird and Wolf* 2007 The result is a collection reconsecrating Cole's central themes the desire for connection the contingencies of selfhood and human love the dissolution of the body the sublime renewal found in nature and the distance of language from experience I don't want words to sever me from reality Cole says striving in *Pierce the Skin* to break the barrier even between word and skin Maureen N McLane wrote in *The New York Times Book Review* that Cole is a poet of self overcoming lusting loathing and beautiful force This book will have a permanent place with other essential poems of our moment
