*Reality Check* Daniel Ford, 2024-03-07 Revised and re published Daniel Ford has spent half his life uncovering an agenda by what he calls a global cult to enslave humanity on every level In Daniel Ford s first book *Paper View In Print* a nightmare agenda of total human control and manipulation affecting every area of human life was laid out and detailed Ford takes the story further and deeper in *Reality Check* and reveals the ultimate controllers of our world and why their agenda exists at all *Reality Check* is best read alongside *Paper View in Print* to allow the full complex picture of humanity s plight to be seen in its entirety Many of the changes in society since 2020 were predicted in *Paper View In Print* because once you know the global agenda and its structure and method of imposition calling the future is very simple *Reality Check* places current events into their true context and explains humanity s plight with rare clarity and simplicity The central premise of *Reality Check* is to question everything right down to the nature of reality itself which is detailed extensively in this blockbuster new book Never before in human history has testing our own perceptions been more necessary and in this extraordinary new book over 860 pages Ford challenges the reader to reassess their perception of reality and everything they thought they knew Only by doing so Ford contends do we stand a chance of living in a world of health freedom and prosperity which he says in an upbeat conclusion is within our grasp if we only choose to take it How do we claim this new world of respect for humanity The answers are in *Reality Check* and you might be surprised by just how simple and achievable they are and how quickly they can be realised In an era of cancel culture and ever increasing censorship *Reality Check* is the most explosive and controversial book of modern times not only due to its content but also the environment into which it is published Daniel Ford has had the courage to write it Do you have the courage to read it Prepare for a perception reboot that will stretch your current worldview to breaking point The book also features 364 pages demolishing the Covid 19 hoax including 142 pages exposing the Covid 19 vaccine crime against humanity Why do people think what they do How do we see the world How are we manipulated to see the world and current events *Reality Check* dives deep into the human psyche to examine human perception and how to set our minds and therefore our world free The book explores how human perception is formed maintained and perpetuated and thus provides the ultimate answer to true freedom Daniel Ford reveals the mechanisms of mass manipulation and control and thus the keys to set ourselves free We live in extraordinary times and face the most enormous challenge to our individual and collective freedom We either stand up now and take back our perceptions to take back our freedom or stay silent and regret it forever with the children and grandchildren of today taking the consequences It s time for a Reality Check [The King Cetywayo Zulu Dictionary](#) Robert Charles Azariah Samuelson, 1923 **The Ancient Alien Theory: Part Nine** C.R. *Zululand and the Zulus* James Anson Farrer, 1879 **Hats** J.L. Morales, 2025-01-03 Although a short read of only seven chapters in his first book debut Hats will go down in history as the most informative and controversial book in modern times As a pure blooded artist author warrior and philosopher born and raised in the great state of colorful Colorado J L Morales delivers a beautifully articulated and clear rendition of the most confusing and exciting time to be alive in history from someone who lived and fought through the battlefield Tearing the lid open on what will come to be known as the mother of all conspiracies when human trafficking reached an industrial scale J L Morales gives you a bird s eye and fly on the wall view of the first ever secret military and civilian joint operation to eradicate pure evil from the earth and save the human race from tyranny and extinction while most of the human population just slept right through it Although fearing for his life in writing this book J L Morales believes any price is worth paying to get the suppressed truth out to we the people While avoiding all the political jargon Hats gives you an in depth understanding of why the world has never been the same since the unforgettable year of 2020 as well as just how much humans have been deceived throughout human history Covering everything from the civil war the Titanic 9 11 COVID 19 and even AI Hats is fully intended to empower the patriots wake up the sleeping and will be the quintessential history book to educate future generations about this legendary and biblical time that their parents and grandparents lived through Which side of history are you on Are you ready to finally escape the matrix and learn the truth about the real world when everything was fake But be warned because this is not just another book and will likely shift your paradigm and blow your mind There is one spoiler for this book God wins **Zulu**

The alien threat is real They fly across our skies under our oceans and have disrupted our lives and our safety At first man looked upon the aliens with curiosity and a hope that they would be benevolent and improve life on Earth While this optimistic view was embraced by many just the opposite was the new reality After capturing two passenger aircraft out of the sky their real purpose was revealed The horrific acts of desecration wrought on the passengers was their calling card No longer aliens would be a curiosity but their presence would be a threat to all mankind In order to counter the alien presence and threat over the years a top secret organization known as Space Command was born within the United States Navy Upon its inception Space Command armed itself with advanced weaponry and was staffed with the best of the best Its new commander Rear Admiral Michael Scott had experience with the alien threat and was committed as were the men and women of Space Command to beat back and defeat the aliens no matter the cost The aliens became more brazen in their attacks on mankind From destroying a hotel in France where an international conference on the alien threat was held to intercepting and shooting down aircraft It did not end there though An alien attack was launched against a British and American combat fleet and then an attack on Space Command itself Admiral Scott knew that a battle was coming Space

Command had to be an offensive force rather than being in a reactive position The women and men of Space Command inwardly knew that an epic battle was shortly to be fought It would be a battle fought not only on Earth but also in the cold emptiness of space
