The Vital Reset Alena Klenot,2026-01-20 The Vital Reset is a practical science backed guide to Longevity Supplements and lifestyle strategies designed to help you reset your health energy and vitality at any age If you are interested in aging well feeling stronger and cutting through the noise around wellness the Vital Reset is a great place to start You will find vitamins and Supplements from A to Z and Recipes for Energy and Longevity

Biohack Your Morning: Ice, Light and Silence Maya Colton,2026-03-10 The first hour of the day is not neutral It is being shaped by something either by habit by default or by deliberate choice For a growing number of people that choice involves cold natural light and quiet Not as a performance of optimization but as a genuine attempt to begin the day from a more grounded place Biohack Your Morning explores what happens when three simple evidence informed practices are combined into a consistent morning ritual cold exposure that activates physical alertness natural light that anchors the body s internal clock and silence that allows the mind to settle before the noise begins It examines not just the physiological reasoning behind each practice but the interior experience of building a morning that actually belongs to you This book offers insight into why mornings so often feel reactive rather than intentional and how small deliberate interventions can quietly shift the emotional and mental tone of an entire day It reframes biohacking not as a pursuit of peak performance but as a return to the basic conditions under which a human being functions with more clarity steadiness and self awareness For anyone who has sensed that their mornings are running them rather than the other way around this book explores a simpler more honest approach to reclaiming that first hour

Introduction to Contemporary Philosophy of Medicine James A. Marcum,2025-12-01 Introduction to Contemporary Philosophy of Medicine delves into the varied philosophical perspectives that shape modern medicine and its practice The book examines key frameworks such as the Analytic Philosophy of Medicine Feminist and Gender Medicine Evidence Based Medicine and Integrative Medicine providing readers with a comprehensive overview of how these approaches influence clinical decisions and healthcare policies Central philosophical concepts including causation disease and health are explored in depth making this text an essential resource for students and healthcare professionals

interested in the critical issues facing medicine today In addition to traditional perspectives the book discusses the roles of Digital Complementary and Alternative Medicines highlighting the increasingly diverse landscape of medical thought Rather than presenting a unified paradigm contemporary philosophy of medicine is shown to be an evolving and multifaceted discipline addressing complex challenges and proposing varied solutions With its thorough coverage and insightful analysis the book serves as a valuable guide for anyone seeking to better understand the philosophical debates shaping contemporary medical practice Introduces and analyzes the ontological and epistemological conceptual foundations of contemporary philosophy of medicine Critically reviews different philosophical approaches to contemporary medicine from analytical to phenomenological approaches Evaluates a variety of medical practices ranging from evidence based medicine to person centred medicine Provides an in depth handbook and guide to the current literature in contemporary philosophy of medicine Explores the future direction of philosophy of medicine
