THE KGB'S SUCCESSORS

# Spies Without Cloaks

**Jakub M. Godzimirski**

## **Spies Without Cloaks:**

**Spies without Cloaks** Amy Knight, 1997-12-22 This book offers a compelling and comprehensive account of what happened to the KGB when the Soviet Union collapsed and the world's most powerful and dangerous secret police organization was uncloaked As Amy Knight shows the KGB was renamed and reorganized several times after it was officially disbanded in December 1991 but it was not reformed Knight's rich and lively narrative begins with the aborted August 1991 coup led by KGB hard liners and takes us through the summer of 1995 when the Russian parliamentary elections were looming on the horizon The failed coup attempt was a setback for the KGB because it led to demands from Russian democrats for a complete overhaul of the security services As a result the KGB's leaders were fired its staff reduced and its functions dispersed among several agencies Even the elite foreign intelligence service was subjected to budget cuts But President Yeltsin was reluctant to press on with reforms of the security services because he needed their support in his struggle against mounting political opposition Indeed by the spring of 1995 the security services had regained much of what they had lost in the wake of the August coup Some observers were even saying that they had acquired more power and influence than the old KGB This story told by one of the foremost experts on the Soviet Russian security services and enriched by face to face interviews with security professionals in Moscow is crucial to understanding Russian politics in transition It will fascinate scholars policymakers and general readers interested in the fate of the KGB *Spies Without Cloaks* Amy Knight, 1996-01-01

A researcher in Russian political history Amy Knight offers a compelling and comprehensive account of what happened to the KGB when the Soviet Union collapsed and the world's most powerful and dangerous secret police organization was uncloaked Knight shows that although reorganized and renamed several times since its disbandment in 1991 the organization still is alive and well with more power than ever **The Russian Military Resurgence** René De La Pedraja, 2018-11-21 The transition from the Soviet to the post 1991 Russian military is a fascinating story of decline and reinvention The Soviet army suffered a slow demise dissolving in 2000 and only gradually reforming based on radically different principles The First Chechnya War 1994 1996 was the lowest point for the Soviet military but the Second Chechnya War 1999 2004 saw the initial stirrings of the new Russian army The Five Day War with Georgia in August 2008 was its first major success and marked Russia's return to world power status Lively accounts and maps describe the actions of these wars along with the Crimea operation of 2014 the separatist struggles in eastern Ukraine and the ongoing Russian intervention in Syria **Russian civil-military relations and the origins of the second Chechen war** Sz&ászdi, Lajos F., 2008-08-29

This book has relevance for those interested in understanding Russia's course in international relations under the leadership of Vladimir Putin This book will inform the reader and is especially relevant in light of the events of 2008 in the Caucasus and the war in Georgia in particular The author explains the ideology of Neo Eurasianism which in turn inspires the policy thinking of the Kremlin Also studied is Putin's origins in the KGB from the previous posts of Secretary of the Security Council

and Director of the FSB and his rise to power in the crucial year of 1999 when he became Russian Prime Minister The author highlights the continuing trend of appointing high ranking officers of the Russian intelligence community to senior positions in the government studying this in the context of Russian civil military intelligence relations The author reached the conclusion back in 2003 that the members of Russian intelligence hold the reins of power above the civilian and military elements of the Russian government The author returns to the Kosovo Crisis of 1999 discussing also the motives that led the Kremlin and Putin to invade Chechnya for a second time in a decade Parallels can be drawn to the 2008 Russian invasion of Georgia and the roots of the Neo Eurasianist ideology that is behind the two invasions are examined This book will help the reader understand Russia's current and future distribution of power in the Caucasus the Balkans and the world at large Moscow's search for a multipolar world and its opposition to U S hegemony [Change in Putin's Russia](#) Simon

Pirani,2009-11-06 This is an investigation into the interaction of power money and people in Russia during the presidencies of Vladimir Putin and Dmitry Medvedev Profiling Putin's team including his security services and pro market economic reformers Simon Pirani argues that the growth during the oil boom was one sided The gap between rich and poor widened Now the boom is over this problem has only grown As well as explaining Russia's economic trajectory the book provides a unique account of the social movements that are working against an increasingly authoritarian government to change Russia for the better **Encyclopedia of Intelligence and Counterintelligence** Rodney Carlisle,2015-03-26 From references to

secret agents in The Art of War in 400 B C E to the Bush administration's ongoing War on Terrorism espionage has always been an essential part of state security policies This illustrated encyclopedia traces the fascinating stories of spies intelligence and counterintelligence throughout history both internationally and in the United States Written specifically for students and general readers by scholars former intelligence officers and other experts Encyclopedia of Intelligence and Counterintelligence provides a unique background perspective for viewing history and current events In easy to understand non technical language it explains how espionage works as a function of national policy traces the roots of national security profiles key intelligence leaders agents and double agents discusses intelligence concepts and techniques and profiles the security organizations and intelligence history and policies of nations around the world As a special feature the set also includes forewords by former CIA Director Robert M Gates and former KGB Major General Oleg Kalugin that help clarify the evolution of intelligence and counterintelligence and their crucial roles in world affairs today **The International Politics**

**of Eurasia: v. 10: The International Dimension of Post-communist Transitions in Russia and the New States of Eurasia** S. Frederick Starr,Karen Dawisha,2015-05-20 First Published in 2015 Routledge is an imprint of Taylor Francis an Informa company **Russian and Eurasian Politics** Mark A. Cichock,2003 This new text on Russian politics includes unique comprehensive coverage of other former Soviet countries giving students an important understanding of the region as a whole With unique attention to the successor states of the former Soviet Union Cichock's book is perfect for those

instructors who want their students to study and understand the entire Eurasian region and not just Russia in isolation More than a decade after the end of the Soviet Union Russia and Eurasian states remain closely connected to one another and an analysis of the entire region comparing and contrasting these states yields valuable insights into modern Russian politics and the Soviet legacy Unlike other books dealing with post Soviet Russia Russian and Eurasian Politics does not emphasize history Instead it boldly tries to evaluate politics in five states in the most up to date fashion possible emphasizing political culture and economic development as the primary forces of change The book focuses on institutional constraints and state building constitutions and the volatile nature of inter ethnic conflict to describe political systems taking shape before the eyes of the world

**Contemporary Authors New Revision** John Jorgensen, Daniel Jones, 1997-11 In response to the escalating need for up to date information on writers Contemporary Authors New Revision Series brings researchers the most recent data on the world s most popular authors These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up to date and completely replace the original Contemporary Authors entries For your convenience a soft cover cumulative index is sent biannually

Current Contents. Arts & Humanities Institute for Scientific Information, 1998

New and Old Actors in Russian Foreign Policy Jakub M. Godzimirski, 2000

*Dynamics of Russian Politics* Peter Reddaway, Robert W. Orttung, 2004 In May 2000 President Vladimir Putin created seven federal okrugs to impose greater federal control over Russia s regions Volume II of The Dynamics of Russian Politics examines the impact of these reforms on Russia s main political institutions the increasingly assertive business community and the defense police and security ministries

**Writer's Guide to Book Editors, Publishers, and Literary Agents, 1997-1998** Jeff Herman, 1996-09-25 This book contains the names and addresses of acquisitions editors at top publishing houses as well as their area of expertise and information on top literary agents First time and experienced authors will find the information they need to get their big break in the writing business instead of having their manuscripts end up in the slush pile

*Bandits, Gangsters and the Mafia* Martin McCauley, 2001 The 1990s are examined through the prism of government the President s shadow government the military police security and intelligence services the relations between Moscow and the regions industry agriculture social policy and foreign policy So much for Russia Have the other former Soviet republics followed the same path The Baltic States have not but the others have to varying degrees This is the story of the Yeltsin era Russia has now entered the Putin era The Soviet national anthem has been restored and the Imperial double eagle is on the national flag Russia is going backwards When will it go forwards

*Choice*, 2007

HOW TO ACQUIRE BOOKS LISTED IN CURRENT CONTENTS, 1996

**Russian Organized Crime** William H. Webster, CSIS Global Organized Crime Project, 1997

**A History of Russia, the Soviet Union, and Beyond** David MacKenzie, Michael W. Curran, 1999 In this revision of their best selling text MacKenzie and Curran present a clear and objective account of the history of Russians and other eastern Slavs from its beginnings in ancient Rus to the demise of the Soviet Union and most recently the Putin

presidency Acclaimed in the field for its clarity comprehensiveness and accuracy the text balances social cultural history with political history The authors approach weaves the external geographic determinism of the Eurasian school and the organic inner oriented approach of Russian historians Introduction to Comparative Government Michael Curtis, Jean Blondel, 1997 Introduction to Comparative Government provides an up to date introduction to comparative government and politics by examining the politics of selected industrialized democratic countries emerging democracies and developing nations country chapters are written by different scholars Designed to expose students to alternative ways to compare political systems the authors propose a number of classifications of political systems and a general context that allows the nine systems to be compared in varying ways The fourth edition now includes a new chapter focusing on the dramatic changes taking place in both Western and Eastern Europe specifically the formation of the new European Union **Of Fears and Foes** Jose V. Cipurut, 2000-08-30 At the end of the deadliest century known to mankind the world still finds itself mired in bloodshed In addition to formal inter state conflict we see an increase in other forms of organized violence including ethnic warfare terrorism civil conflict and internationally necessitated police actions Cornered by these powerful global forces nation states continue their quest for security Theirs is a search plagued by futility since the very meaning of the word security is being eroded by the pace and tenor of change in an evolving international environment more complex and confusing than ever The explanatory power of traditional notions of international security which has provided a cornerstone for international relations theory as a whole seems increasingly inadequate in helping to understand the makings of global security A novel approach is needed one that integrates discerning insights from the study of language history geography religion economics and technology with more traditional understandings of the workings of power on an international level and on an intranational scale Of Fears and Foes presents just this kind of innovative thinking by some of the most creative scholars working on these issues today Cipurut invites us to consider a fundamental reassessment of what constitutes security and insecurity in an emerging global environment

## Unveiling the Magic of Words: A Review of "**Spies Without Cloaks**"
