Spy Fever:

British 'Spy Fever' in the First World War Harry Richards,2025-08-21 An exploration of how spy fever supposedly gripped the British nation during the First World War Spy Fever Margaret Tait Flaws,2009 At the start of the First World War stories of spies abounded throughout the British Isles It was in this atmosphere that the entire staff of the Lerwick Post Office was marched off to prison and incarcerated for almost a week with no explanation Margaret Flaws has researched this event and details her findings in this book **A Kingdom United** Catriona Pennell,2012-03-01 In this the first fully documented study of British and Irish popular reactions to the outbreak of the First World War Catriona Pennell explores UK public opinion of the time successfully challenging post war constructions of war enthusiasm in the British case and disengagement in the Irish Drawing from a vast array of contemporary diaries letters journals and newspaper accounts from across the UK **A Kingdom United** explores what people felt and how they acted in response to an unanticipated and unprecedented crisis It is a history of both ordinary people and elite figures in extraordinary times Pennell demonstrates that describing the reactions of over 40 million British and Irish people to the outbreak of war as either enthusiastic in the British case or disengaged in the Irish is over simplified and inadequate Emotional reactions to the war were ambiguous and complex and changed over time By the end of 1914 the populations of England Scotland Wales and Ireland had largely embraced the war but the war had also embraced them and showed no signs of relinquishing its grip The five months from August to December 1914 set the shape of much that was to follow **A Kingdom United** describes and explains the twenty week formative process in order to deepen our understanding of British and Irish entry into war *The Enemy Within* Terry Crowdy,2011-12-20 Separating myth from reality *The Enemy Within* traces the history of espionage from its development in ancient times through to the end of the Cold War and beyond This detailed account delves into the murky depths of the realm of spymasters and their spies revealing many amazing and often bizarre stories along the way shedding light on the clandestine activities that have so often tipped the balance in times of war From the monkey hanged as a spy during the Napoleonic wars to the British Double Cross Committee in World War II this journey through the history of espionage shows us that no two spies are alike and their fascinating stories are fraught with danger and intrigue **The Ochrana** Aleksei Tikhonovich Vasil'ev,1930 **Forever Free** Honoré Morrow,1927 99 0079 on back of front cover **The Berol System of Memory Training** Felix Berol,1918 A New England? Bellman ,1914 **Colossal Blunders of the War** William Seaver Woods,1930 It was on the battlefield of Verdun just after the war that author Woods was most deeply impressed by the evidences of horrific needless slaughter More than 700 000 men were killed or maimed there with no real gain for either side And this was but one of the many tragic blunders of the war A search through the records showed that during the conflict hundreds of thousands of men were sacrificed not for sound military reasons but because of one piece of stupidity after another In bringing forth these colossal blunders of America Germany the Allies and Russia Mr Woods is not presenting propoganda He is not urging militarism or armament He is simply pointing out how lack of intelligence was the cause of hideous loss of life Leading American generals and the War Department at Washington patriotically gave their assistance in laying bare our errors in order to prevent such disasters in the future The chapters devoted to other countries are founded on equally indisputable sources Book jacket **Great Captain** Honore Morrow,1930 Issues and Events ,1917 **Six Years Ago.
