The Good Spy Wife Julia Allcut, 2014. *The Good Spy Wife* is a story of aging FBI agent Gunter Martini as told by his wife Bootsie. The saga begins with her suspicions that the next-door neighbor Alexander is a Russian agent. The reader is drawn into the drama as the story explodes along with the cigarette boat when Gunter dares to venture out for a boat ride to Bomb Island on the 50,000-acre Lake Murray on the night of an impending hurricane. His drowning is dubious as no body floats to the surface. The wife trusts in God and believes that he is alive. When he reappears later in the Soviet Union he invites his wife to join him as he works toward an assignment involving the elimination of the American president as the Soviet country believes the President of the United States and his democratic ideals stand in the way of progress for the Soviet Union. He must die as the current leadership in America is an affront for growth of the new Russia. Set during the Cold War in the late 1980s Bootsie and Gunter struggle with separation during difficult times in their own marriage. Bootsie grows spiritually through the unexplained meeting of strangers who appear to her as angels and through drawing on her own strengths when alone. Ultimately after many twists and turns of the story the couple realizes that God is the only help for the frailty of their lives and each makes plans to rebuild his or her life around their new beliefs. However, will this turn out to be the happy conclusion? One can only discover this knowledge through reading the book.

Shaken & Stirred Robert A. Caplen, 2010. **The Czar's Spy** William Le Queux, 1905. **Spy**, 1990-10. Smart. Funny. Fearless. It's pretty safe to say that *Spy* was the most influential magazine of the 1980s. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written, and perfectly designed and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented. Dave Eggers. It's a piece of garbage. Donald Trump.
