Sutera, 2013 Nonfiction films about sports have been around for decades yet few scholarly articles have been published on these works In Identity and Myth in Sports Documentaries editors Zachary Ingle and David M Sutera have assembled a collection of essays that show how myth and identity national religious ethnic and racial are constructed perpetuated or questioned in documentaries produced in the United States France Australia Germany and Japan This collection is divided into three sections American Identity and Myth contains essays on consumerism religion in sports and post 9 11 America Race and Ethnicity examines the ways in which African American Mexican American and Jewish identity are portrayed in the documentaries under discussion Global Perspectives features films and TV series produced outside of the United States or those that provide perspectives on the international sport scene Spanning several decades the landmark documentaries discussed in this volume include Hoop Dreams The Endless Summer The Life and Times of Hank Greenberg Olympia and Tokyo Olympiad and address such subjects as baseball football basketball boxing soccer surfing and the Olympics The essays pose such questions as How are notions of the American dream involved in athletes aspirations How do media texts from Australia or France construct Australian and French identity respectively and How did filmmakers such as Leni Riefenstahl Kon Ichikawa and Bud Greenspan infuse their Olympic documentaries with national ideology despite being intended for an international audience By tackling these subjects Identity and Myth in Sports Documentaries is an intriguing read for scholars students and the general public alike

Circus Maximus Andrew Zimbalist, 2016-02-02 An updated and expanded analysis of the economic tensions behind the Olympics and the World Cup games Andrew Zimbalist looks beyond the headlines of two of the world's most beloved sporting events the Olympics and the World Cup In the updated and expanded edition of his bestselling book Circus Maximus The Economic Gamble Behind Hosting the Olympics and the World Cup Zimbalist tackles the bogus claim that cities chosen to host these high profile sporting events experience an economic windfall In this new edition he takes aim at the outrageous FIFA scandal Boston's bid for the 2024 summer Olympics and the criticism surrounding the 2015 Women's World Cup Circus Maximus focuses on major cities like London and Barcelona that have previously hosted these sporting events to provide context for cities like Tokyo and Rio de Janeiro which are currently bearing the weight of exploding expenses corruption and protests Zimbalist offers a sobering and candid look at the Olympics and the World Cup from outside the echo chamber

What Are the Olympics For? Jules Boykoff, 2024-03-26 Athletes first is a slogan the International Olympic Committee often touts but the reality is very different as pre eminent Olympics expert Jules Boykoff shows in this book While the world's attention is riveted by the triumphs and tribulations on their screens there is much that goes on behind the scenes that is deeply troubling athletes are increasingly voicing concerns over physical mental and sexual abuse and they are collectively expressing grievances around equity and human rights Outside the stadiums problems range from the democratic deficit and

corruption surrounding the awarding of the Games to displacement of people and gentrification of neighbourhoods to make way for Olympic venues to the environmental damage that Olympic construction inflicts and then tries to greenwash away Boykoff tells us that radical steps are required if the Games are to be fixed and only then will they be truly athletes first
