web simple example of a pushover analysis is illustrated in figure 1 this procedure requires the execution of a non linear static analysis of a structure which allows monitoring progressive

[pushover analysis of existing 4 storey rc flat slab building](#) - Feb 10 2023

web the purpose of pushover analysis is to evaluate the expected performance of structural systems by estimating its strength and deformation demands in design earthquakes by means of static inelastic analysis and comparing these demands to available capacities at the performance levels of interest
