Jōkei and Buddhist Devotion in Early Medieval Japan James L. Ford,2006-08-24 This is the first book length study in any language of J kei 1155 1213 a prominent Buddhist cleric of the Hoss Yog ac ara school whose life bridged the momentous transition from Heian 794 1185 to Kamakura 1185 1333 Japan Kamakura Buddhism has drawn notable scholarly attention largely because it marks the emergence of new schools Pure Land Nichiren and Zen that came to dominate the Buddhist landscape of Japan Although J kei is invariably cited as one of the leading representatives of established Buddhism during the Kamakura period he has been seriously neglected by Western scholars In this book James L Ford aims to shed light on this pivotal and long overlooked figure Ford argues convincingly that J kei is an ideal personage through which to peer anew into the socio religious dynamics of early medieval Japan Indeed J kei is uniquely linked to a number of decisive trends and issues of dispute including the conflict between the established schools and H nen s exclusive nenbutsu movement the precept revival movement doctrinal reform efforts the proliferation of prominent reclusive monks tonseis the escalation of fundraising kanjin campaigns and popular propagation and the conspicuous revival of devotion toward S kyamuni and Maitreya J kei

represents a paradigm within established Buddhism that recognized the necessity of accessing other powers through esoteric practices ritual performances and objects of devotion While J kei is best known as a leading critic of H nen s exclusive nenbutsu movement and a conservative defender of normative Buddhist principles he was also a progressive reformer in his own right Far from defending the status quo J kei envisioned a more accessible harmonious and monastically upright form of Buddhism Through a detailed examination of J kei s extensive writings and activities Ford challenges many received interpretations of J kei s legacy and the transformation of Buddhism in early medieval Japan This book fills a significant lacuna in Buddhist scholarship
