Know it All, Find it Fast Robert John Duckett, Bob Duckett, Peter Walker, Christinea Donnelly, 2008 There is a queue the phone is ringing the photocopier has jammed and your enquirer is waiting for a response You are stressed and you can feel the panic rising Where do you go to find the information you need to answer the question promptly and accurately Answering queries from users is one of the most important services undertaken by library and information staff Yet it is also one of the most difficult least understood subjects There are still very few materials available to help frontline staff often paraprofessional develop their reader enquiry skills This award winning sourcebook is an essential guide to where to look to find the answers quickly It is designed as a first point of reference for library and information practitioners to be depended upon if they are unfamiliar with the subject of an enquiry or wish to find out more It is arranged in an easily searchable fully cross referenced A Z list of around 150 of the subject areas most frequently handled at enquiry desks Each subject entry lists the most important information sources and where to locate them including printed and electronic sources relevant websites and useful contacts for referral purposes The authors use their extensive experience in reference work to offer useful tips warn of potential pitfalls and spotlight typical queries and how to tackle them This new edition has been brought right up to date with all sources checked for currency and many new ones added The searchability is enhanced by a comprehensive index to make those essential sources even easier to find saving you valuable minutes Readership Offering quick and easy pointers to a multitude of information sources this is an invaluable reference deskbook for all library and information staff in need of a speedy answer in reference libraries subject departments and other information units

Suitable Heresies Graham Rabey, 2009 The theory suggests that there is a structural similarity between certain basic brain forms and certain basic mind forms and that the former

provide a credible explanation for the latter It does not suggest that the causative link has been proved thereby What is claimed is that in the jungle of brain mind research where fundamental physical evidence for speculation is often in short supply the theory provides a scientifically and philosophically arguable clearing and thus a hypothesis worthy of investigation by anyone interested in the mysteries of human thought One implication of the theory amounts to a central heresy namely that on the accumulating evidence our traditional and much cherished one truth thinking conventions will need to be replaced by two truth thinking conventions Another implication of the theory is that it now seems entirely possible that the emergence and nature of philosophy itself have been crucially dependent on our long human struggle to extract single responses from thinking equipment that appears necessarily i e anatomically double and circular the double cycles being mutually inverted

The Potter's Art Garth Clark, 1995-06-15 The first ever book to provide a comprehensive overview of British pottery The Potter s Art traces this remarkable history of pottery all the way from the rudimentary pots of the Middle Ages to the sophisticated art of today s studio potters Beginning with the peasant potter Garth Clark moves on to describe the development of style and fashion under the notorious Josiah Wedgwood He also examines the work of the artist potters William De Morgan and the Martin brothers and the studio potters Bernard Leach and Lucie Rie Focusing particularly on the distinctly human angle to the craft the author brings the potters to life by describing their working conditions lifestyles and

characters For all collectors and potters this is an indispensable survey which sheds new light on the history of British pottery For anyone with a sense of aestheticism or a general interest in the arts it is an absorbing introduction to perhaps the most fundamental artistic medium in the history of civilization

Russian Literature Triquarterly ,1974 **British Catalogue of Music, 1957-1985** Michael D. Chapman,Elizabeth Robinson,1988 **Paperbound Books in Print** ,1992 **School Libraries in Canada** ,1992 Power to Rise James E. Neufeld,1996 Power to Rise is the first fully documented account of the artistic and organizational history of this remarkable Canadian cultural institution Based on archival sources many hitherto unavailable of the National Ballet of Canada and the National Archives of Canada the book includes first hand accounts of more than fifty of the personalities closely associated with the company throughout its life In Power to Rise we learn of the inhospitable environment in which the National Ballet struggled to establish itself of its close calls with bankruptcy and of its evolution into a full fledged professional company We witness the events that led to Franca s arrival from England the uncompromising and often controversial idealism of her artistic leadership the company s dramatic and sometimes perilous growth to a level that prompted the greatest dancers of the age among them Rudolf Nureyev and Erik Bruhn to come to work with company s own stars including Karen Kain and Veronica Tennant The text is illustrated with over 140 photographs drawn from the company s enormous archives as well as from private sources that re create the characters settings moods and artistry of the company
