Heaven Exists Alright Junior Mary-Grace Masarakufa,2019-04-05 Over the ages Christianity has experienced and endured many hardships trials struggles martyrdoms persecutions and all sorts of pain for generations from since the church was born But the actual fact is that the spiritual war that started at the creation of this present world between good and evil has been raging on over the ages and has never stopped In fact as the days go by and the end of the present system of things is coming nearer and nearer according to the Bible things are going to get worse and worse This is what has been written in the Bible about Lucifer the devil However the church still has to go on and not despair or lose hope And most importantly the church should not lose focus Why Because she believes in the almighty powerful and able God the faithful God the God of the universe who is the Creator of the heavens and the earth The Christian faith and hope is not hope in the human spirit human goodness human abilities human qualifications human intellectuality human endurance human experience human plans or human achievements Rather it is hope in the power and faithfulness of the living God the God of Abraham Isaac and Jacob Abraham s God was and is the God of the whole earth He is the God of Jacob the father of the twelve tribes of Israel Christianity believes in the God who does not fail This God is known for his abilities which are unique and cannot be compared with anyone else or with any other god

What is Philosophy of Religion? Charles Taliaferro,2019-01-15 An important part of philosophy is concerned with religious questions What is the meaning of life and how might religious faith or doubt impact such meaning What is the evidence for the existence of God Is evidence essential for religious faith What is the relationship between science and religion What is the relationship between religions How can or should one assess virtues and vices right and wrong from a

religious versus a secular point of view In this beginner's guide Charles Taliaferro addresses these and other important questions involved in philosophy of religion He challenges the negative often complacent attitudes towards religion as being dangerous or merely superstitious arguing instead for a healthy pluralism and respect between persons of faith and secular inquirers What is Philosophy of Religion takes a practical question based approach to the subject inviting the reader to engage with this exciting area of philosophy in a down to earth way *If God Exists* M. E. Stearn, 2017-05-11 When I was seven years old the nun teaching my Catechism class told us that Mary immaculately conceived Jesus My mother immediately disabused me of this idea stating unequivocally that Mary was just another fourteen year old who got pregnant arguably and ironically planting the seed for this book The theist belief that God exists as a conscious entity in some form other than that of matter or energy denies by definition the actual existence of God Atheism denies the belief in God existing as a conscious entity Neither theists nor atheists rely upon evidence to support their belief This thesis proposes that God either exists or doesn't exist and belief does not change the ultimate fact Syllogistically if God exists God exists as some form of matter or energy and God is infinite by definition and since matter and energy can be neither created nor destroyed according to the Law of Conservation God and matter and energy are identical and everything that exists in the cosmos is God Omnidism proposes a logical explanation for the actual existence of God consistent with the laws of physics and theistic purpose for human existence if God exists **Philosophical Studies** Catholic University of America, 1930 *Arguments for Christianity delivered by Archbishop Vaughan in St. Mary's Pro-Cathedral*, Sidney Archbishop Vaughan, 1879
