Wilderness of Mirrors - Vol 1 (c) Lawrence E. Hazelrigg, 1989 **The Wilderness of Mirrors** Donald Seaman, 1984

Wilderness of mirrors David C Martin, 1977 **Errand into the Wilderness of Mirrors** Michael Graziano, 2021-06-17

Reveals the previous underexplored influence of religious thought in building the foundations of the CIA Michael Graziano's intriguing book fuses two landmark titles in American history Perry Miller's *Errand into the Wilderness* 1956 about the religious worldview of the early Massachusetts colonists and David Martin's *Wilderness of Mirrors* 1980 about the dangers and delusions inherent to the Central Intelligence Agency Fittingly *Errand into the Wilderness of Mirrors* investigates the dangers and delusions that ensued from the religious worldview of the early molders of the Central Intelligence Agency Graziano argues that the religious approach to intelligence by key OSS and CIA figures like Wild Bill Donovan and Edward Lansdale was an essential and overlooked factor in establishing the agency's concerns methods and understandings of the world In a practical sense this was because the Roman Catholic Church already had global networks of people and safe places that American agents could use to their advantage But more tellingly Graziano shows American intelligence officers were overly inclined to view powerful religions and religious figures through the frameworks of Catholicism As Graziano makes clear these misconceptions often led to tragedy and disaster on an international scale By braiding the development of the modern intelligence agency with the story of postwar American religion *Errand into the Wilderness of Mirrors* delivers a provocative new look at a secret driver of one of the major engines of American power

Wilderness of Mirrors Farmer Randall Allen (author), 1901 **Wilderness of Mirrors** Barlow David (author), 1901 **Wilderness of Mirrors** David C. Martin, 2018-09-15 At the dawn of the Cold War the world's most important intelligence agencies the Soviet KGB the American CIA and the British MI6 appeared to have clear cut roles and a sense of rising importance in their respective countries But when Kim Philby head of MI6's Russian division and arguably the twenty first century's greatest spy was revealed to be a Russian mole along with British government heavyweights Donald Maclean and Guy Burgess everything in the Western intelligence world turned upside down Here is the true story of how the American James Bond the colorful foulmouthed pistol packing alcoholic ex FBI agent William King Harvey put the finger on Philby how James Jesus Angleton the chain smoking poet of Yale University and the CIA's supposed master spy in charge of counterintelligence began his descent into a paranoid wilderness of mirrors upon learning of family friend Kim Philby's ultimate betrayal and the devastating consequences of the loss of MI6 prestige and the CIA's subsequent self defeating witch hunts Every revelation every stranger than fiction twist and turn is all the more intriguing as truths become lies and unlikely scenarios are revealed as reality With impeccable sourcing and the use of thousands of pages of declassified research David C Martin's *Wilderness of Mirrors* is widely recognized as a masterpiece of intelligence literature
