Wilderness Ways:

Wilderness Ways William J. Long, 2013-05-31 A wonderful collection of observations poems and stories from the great outdoors Perfect for any fan of the wilderness

Wilderness Ways William Joseph Long, 1900 *Wilderness Ways* Paul Annixter, 1979-01-01

Wilderness Ways William J. Long, 2019-11-26 In *Wilderness Ways* William J Long delves into the intricacies of nature and the human experience blending richly descriptive prose with keen observations of wildlife and the wilderness This work epitomizes the early 20th century American nature writing movement characterized by its reverence for the natural world and a profound exploration of man s relationship with it Long s narrative weaves personal anecdotes with detailed illustrations of flora and fauna inviting readers to reflect on their own interactions with the environment in an era when industrialization began to encroach upon the natural landscape William J Long was a fervent naturalist and a dedicated advocate for wilderness preservation growing up in a time when the beauty of the American landscape was both celebrated and threatened His experiences in the woods of New England and his profound spiritual connection to nature not only shaped his worldview but also resonate throughout his writings Long s commitment to the arts of observation and writing was solidified by his early influences including Ralph Waldo Emerson and John Burroughs who instilled in him a deep appreciation for the subtleties of nature *Wilderness Ways* is a captivating exploration for anyone who cherishes the beauty of the outdoors and seeks to cultivate a deeper understanding of the natural world Long s eloquence and passion for wilderness make this book essential for nature enthusiasts aspiring naturalists and those yearning for a meaningful connection with the environment

Wilderness Ways William Joseph Long, 2017-05-24 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Wilderness Ways William Long, 2016-10-16 Another excellent nature book that is quite up to the high standard of *Ways of Wood Folk* The following sketches like the *Ways of Wood Folk* are the result of many years of personal observation in the woods and fields They are studies of animals pure and simple not of animals with human motives and imaginations Indeed it is hardly necessary for genuine interest to give human traits to the beasts Any animal is interesting enough as an animal and has character enough of his own without borrowing anything from man as one may easily find out by watching long enough Most wild creatures have but small measure of gentleness in them and that only by instinct and at short stated seasons Hence I have given both sides and both

kinds the shadows and lights the savagery as well as the gentleness of the wilderness creatures It were pleasanter to be sure especially when you have been deeply touched by some exquisite bit of animal devotion to let it go at that and to carry with you henceforth an ideal creature Wilderness Ways is written in the same intensely interesting style as its predecessor Ways of Wood Folk The hidden life of the wilderness is here presented by stories gathered not from books or hearsay but from the author s personal contact with wild things of every description A hunter who can watch a herd of deer come toward him with small wish to use a rifle as there was meat enough in camp is to be trusted by man as well as beast and we wish that every boy who is interested in the wild folk of the woods and what boy is not might make the acquaintance of Megaleep the Wanderer and Kagax the Bloodthirsty and hear from one who has shared it of their life in the summer and the winter woods The Outlook Mr Long is one of the most interesting of the modern school of students and writers on nature study He has a real love of the wild life and has spent much time alone in the wilderness with the beasts and birds and knows them intimately He is an absolutely truthful witness and reports wild creatures as they really are disclosing the good and the bad Therefore his books are always healthful instructive and interesting He does not carry over human attributes into the characters of the dumb brutes There is enough that is interesting fresh and suggestive in their ways and moods without adding to them or subtracting from them Mr Long s books are to be commended unreservedly as of the utmost value for supplementary reading And the general reader who takes them up will not fail to read the whole from start to finish
