**The Zodiac Killer** Frances J. Armstrong,2017-06 The Zodiac Killer The Mystery Behind America s Most Feared Serial KillerIf not for the ominous shadow of Jack the Ripper the case of the Zodiac Killer would perhaps be the greatest mystery the world has ever known The Zodiac Killer was the self given name to a murderer who took responsibility for the deaths of at least five people in the San Francisco area of California throughout the 1960s and 1970s Over the decades the case has become synonymous with mystery and injustice The Zodiac Killer s murders were brutal bizarre and without remorse He began by targeting young couples in lovers lanes and executing them with close range gunshots His murders then progressed indicating a highly unstable frame of mind yet one intelligent enough to evade capture He would go on to taunt the police and the media with strange ciphers and messages which would take significant time to decode some of which remain untranslated to this day Despite extensive searching analysing and profiling no conclusive evidence of the Zodiac Killer s identity has ever been put forward Of course many theories exist some of which appear to answer all of the questions one would have regarded the identity of a notorious serial killer However none are concrete enough to serve as solid confirmation of who he really was This book looks at all the evidence and tries to piece together the clues that point to the true identity of this murderer

terrorized New York City in much the same way by killing at random and writing letters to the police. Serial killers often use a set pattern and or rituals as part of their modus operandi so in that regard the actions of the Zodiac Killer didn't exactly distinguish him from other serial killers. The main difference of course is that most serial killers are caught including the Son of Sam David Berkowitz while the Zodiac Killer's identity remains an unsolved mystery. By both remaining unidentified and leaving seemingly tantalizing clues in his writing the Zodiac Killer ensured his notorious legacy in American history much the same way the attempt to identify Jack the Ripper continues to fascinate people across the world today. If this case had been part of a well written police show or movie there would be music shooting and perhaps a romance between a cranky cop and a sexy detective. The case would be wrapped up in an hour or two the killer would either be killed in an exciting firefight or put away for life and the people of San Francisco would once more rest easy at night. But this was no movie the script lacks an ending and though the killer would be an old man by now as far as anyone knows he could still be alive and potentially dangerous.

**The Zodiac Killer: The Mystery of America's Most Infamous Serial Killer** looks at the life of the serial killer and the crimes he committed. **The Zodiac Killer Cover-Up** Lyndon E. Lafferty, 2012-02-08. The true identity of the psychotic ZODIAC killer has been known by the Mandamus Seven group of retired law enforcement officers, federal agents, a minister and a District Attorney since March 15, 1971. This true story is now being told for the very first time. Official corruption and political intervention forced the investigation into a top secret covert status giving the insane ZODIAC killer immunity and a license to kill. His motive, adultery. Mind and body ravaged by years of severe alcoholism, his blood-lusting revenge turned him into the most shocking and vicious killer in our 20th century. Through his tauntings of the police, his codes, ciphers and letters, he was on a mission to redeem his shattered ego, to prove that he was better, smarter and more clever than all the judges and police put together. With lordly arrogance and jealousy and with the assistance of the police, he continued his killing spree until he claimed a total of 37 victims. Lips sealed by secret oaths and federal obstructions of justice, the investigation was further impeded by personal associations with the suspect and his tenacious, intrepid wife placing family members in imminent danger. The evidence is overwhelming and given the totality of the facts, it is the author's opinion that there is no jury in the world that would not find the suspect guilty of being the criminal genius ZODIAC.
