Teacher Emotions as Personal and Professional Development in Applied Linguistics
Mohammad N. Karimi,Luis Javier Pentón Herrera,Behzad Mansouri,2025-07-08 Previously most studies in this area have focused on the reciprocal effects of language teachers emotions identity well being and agency with emotions often being

portrayed as consequential entities However this book advances the field by exploring specifically how language teacher emotions can be used as tools for personal and professional development The authors provide empirical theoretical conceptual and practical contributions which demonstrate how emotional responses provide data that can be analyzed and reflected upon and how emotions can be seen not as occurrences that are suffered but as actions judgments choices responsibilities and data that can be used to improve personal growth and professional lives The chapters shed light on the potential of emotions as tools for teachers personal and professional development such as but not limited to emotional literacy emotional intelligence emotional agility and regulation emotional memory and self exploratory and self reflective inquiries

Supernatural as Natural Michael Winkelman, John R. Baker, 2015-09-04 This book provides a general introduction to the biological and evolutionary bases of religion and is suitable for introductory level courses in the anthropology and psychology of religion and comparative religion Why did human ancestors everywhere adopt religious beliefs and customs The presence and persistence of many religious features across the globe and time suggests that it is natural for humans to believe in the supernatural In this new text the authors explore both the biological and cultural dimensions of religion and the evolutionary origins of religious features
