New Approaches for Sustainable & Resilient Processes and Products of Social Housing Development in the Arabian Gulf Countries Khaled Galal Ahmed, Mohamed H. Elnabawi Mahgoub, Lindita Bande, Martin Scoppa, 2023-10-16 Social housing has been a forefront research topic especially from its economic and socio cultural factors The nature of social housing in the Arabian Gulf Countries has been distinctive in its approach with usually generous areas and urban sprawl designs Recently most of these Arabian Gulf Countries have gone through profound transformation in their social and housing paradigms influenced by their sustainability adopted agendas Still scholarly documentation and analysis of the processes and products of these transformed paradigms are largely missing or at least fragmented So there is a desperate need to boost research work in this field as related to each city country in this region with largely expected mutual effects that these experiences might have on each other and on the global debate about sustainable and resilient social housing as a whole *Interlaw Book on Renewables Energies* Guy Block, 2015-03-05 The Interlaw book on Renewable Energy is a comprehensive overview of renewable energy policies and developments in the major countries active in the field It addresses in a practical and legal perspective the main interrogations encountered by investors and policy makers on how to efficiently deploy renewable energy particularly in terms of support schemes grid connection costs priority and congestion rules or permitting

Renewable Energy, Medium-term Market Report ..., 2012 **Proceedings of the International Conference on Law, Economic & Good Governance (IC-LAW 2023)** Abdul Kadir Jaelani, Irwansyah Irwansyah, Fokke Fernhout, Agus Raharjo, Mohd Rizal Palil, Hilaire Tegnan, Okid Parama Astirin, Sutarno Sutarno, Venty Suryanti, Pranoto Pranoto, Robbi Rahim, 2024-02-21 This is an open access book The position of Indonesia and most countries in IMF calculations facing the same challenges Each country requires the legal instruments of a good and reliable system of Government to guard against the worst possible economic turmoil Good governance is an insistence of the constitution in the economic Article 33 paragraph 5 subsequently published Constitution Number 30 Year of 2014 on Government Administration contains 17 principles of a good governance One of the important points of the principle is a government without corruption and manipulation of policy concepts in order to provide access to consolidation in politics and economy The latest Transparency International report for 2023 shows that Indonesia's corruption perception index was recorded at 34 points on a scale of 0 100 in 2022 This is a 4 point decrease from the previous year This decline in the CPI also brought down the ranking of Indonesia's CPI globally It was noted that Indonesia's CPI in 2022 ranked 110th In the previous year Indonesia's CPI was ranked 96th globally Good Governance is all aspects related to the control and supervision of the power of the Government in carrying out its functions through formal and informal institutions To implement the principles of Good Governance and Clean Government the Government must implement the principles of accountability and efficient resource management Good and clean governance will contribute to economic growth and economic growth will have an impact on human development

During the last decades of 20th century the needs for a good governance has given some impacts and became a recurring theme in literature related to human development The intervention of government or the quality of government become crucially important in relation to the high achievement of human development Whereas an effort in improving society s welfare is through economic development One of dominant aspects in economic development is through legal development Good law or policy in such country will have some impacts to the existence of good economic growth because supremacy of law is one aspect of a good governance Law supremacy is an important institution which is related to economic growth because rule of law ensures personal safety property rights unbiased contract enforcement stability of politics freedom of speech and control of corruption According to those various issues and debates on economic legal development and good governance then the Doctoral Program of the Faculty of Law Sebelas Maret University needs to hold an international conference as a place in exchanging some academic ideas in order to contributes to those legal issues with a theme
