Uncovering Nevada's Past John B. Reid,Ronald M. James,2004-04-01 Nevada s relatively brief history has been nonetheless remarkably eventful From the activities of the first Euro American explorers to the booms and busts of the mining industry from the struggles and artistry of the Native Americans to the establishment of liberal divorce laws and such unique industries as legalized gambling and prostitution from Cold War atomic tests to the civil rights movement from the arrival of a diverse and rapidly growing urban population to the Sagebrush Rebellion Nevada has played a part in the nation s development while following its own ruggedly independent path In *Uncovering Nevada s Past* historians John B Reid and Ronald M James have collected more than fifty major documents and visual images some never before published that define

Nevada's colorful and complex development. Here are the words of such literary luminaries as Mark Twain, Sarah Winnemucca, and Arthur Miller; anonymous newspaper articles; public documents including Abraham Lincoln's proclamation of Nevada statehood and the probate records of murdered Virginia City prostitute Julia Bulette; personal letters, political speeches, and personal accounts of, among other subjects, the construction of Hoover Dam, life in a mining boomtown, racial segregation in Las Vegas, political careers, and atomic testing. Images include photographs of significant Nevada architecture, the masterpieces of renowned Paiute basketmaker Dat so la lee, tree carvings by Basque shepherders, and tourism promotions. The collection ranges from the earliest descriptions of the region to the current debate on Yucca Mountain. The volume editors have provided an introduction and headnotes that set the documents into their historical and social context. Uncovering Nevada's Past is a vital, enlightening record of Nevada's history in the words of the people who lived and made it that makes for lively and engaging reading.
