Syria Revealed Revelation Guide:

Syria Revealed Anthony King, 1995 This country can be traveled by following these suggestions by King His knowledge of the area is a remarkable discovery **The Rough Guide to Syria** Andrew Beattie, Timothy Pepper, 2001 The Rough Guide to Syria is the essential guide to this compact but culturally rich Middle Eastern country Features include Thorough accounts of all the monuments from the ancient remains at Palmyra and Ugarit to stately mosques and hilltop crusader castles Practical advice on shopping in the souks of Damascus and Aleppo and exploring the desert plains Informed guidance on how to travel independently and where to eat and sleep in every price range Detailed background on the country s history culture architecture and politics *Index Islamicus* , 1996 The Syrian Uprising and Signs Of The Hour Sayyid Rami al Rifai, 2015-05-12 The world will soon see change this book discusses those changes and covers the end of America the end of the Arabs the rise of Europe and the Mahdi s Army who will face them It outlines this future from both the Islamic and Christian religions and shows how they point towards the same future Many of Islams major scholars have written works on the Signs of the Hour in which they have arranged the narrations ahadith in the chronological order they understood the events would occur in The Prophet saws said The signs shall appear one after the other like the beads on a string follow one another when the string is cut The Signs began to appear in our lifetime and have been following each other one by one this is clear by the acceptance of most scholars that the minor signs of the hour have all been fulfilled and we are about to witness it s first major sign Syria has been mentioned by the prophet saws in relation to events that will mark the nearness of the hour This Book now in it s 2nd edition and largely expanded looks at these narration s and identifies the events the prophet saws spoke about chronologically arranging them to give us the timeline the prophet saws intended us to have Abu Zaid Al Ansaaree ra said The Prophet led us in the morning prayer after which he climbed the pulpit and addressed us until Dhuhr noon He descended prayed Asr the late afternoon prayer and then climbed the pulpit again speaking to us until the setting of the sun He spoke to us about what was and what will be he informed us thereof and made us memorize that information Ahmad Hudhayfah ra said The Prophet stood up one day to speak to us and told us everything that was going to happen until the Hour and left nothing unsaid Some of the listeners learnt it by heart and some forgot it these friends of mine learnt it I do not remember it completely but sometimes it springs to mind just as one might remember and recognize the face of a man whom one had forgotten when one sees him Abu Dawud Muslim This Book is an entirely new work dealing with the subject matter from a modern context Previous works regarding the signs of the Hour have been simple translations of Imam Ibn Kathir s book s with out much being done to update his chronology that is now hundreds of years old and to identify the events he mentioned This Book takes the accounts of the prophet and identifies them giving an entirely more accurate chronology than was previously possible from this effort the clearest picture yet emerges of the state of the world and its future which we have corroborated with multiple sources all essentially saying the same thing No Pgs 418 A4 Approx

The Ethical Challenges Experienced by Healthcare Workers During the War in Syria Abdul Rahman Fares,2023 The war in Syria has lasted for many years and continues to cast a dark shadow over its people including healthcare workers caring for those injured and in distress During the war healthcare workers have been exposed to unprecedented challenges becoming targets of bombing killing siege arrest and torture Moreover healthcare workers continue to experience difficult situations that require them to make decisions with no clear or easy moral choice The present study aimed to understand the experiences of healthcare workers and the difficulties and challenges that hinder applying existing ethical frameworks and codes for disasters within Syria s context of revolution and war Qualitative analysis of interviews led to classification of the ethical challenges experienced by healthcare workers into four groups the risks from providing care stewardship of resources and work challenges corruption and organizational pressure and psychological emotional and social stress The study also showed that both Syrian healthcare workers and the developers of ethical frameworks adopt many similar values and principles Yet the participants adopted several unique moral values not identified in ethical frameworks as a result of navigating their professional duties under the circumstances of the Syrian war At last recognizing the challenges and precarious tasks healthcare workers cope with during wars and other similar disasters could help volunteers medical personnel and humanitarian organizations deciding to work in Syria better understand the specific context and obstacles for ethical decision making Moreover attracting attention for and support of Syrian healthcare workers locally and globally presents a long lasting benefit
