published in 1989 This diary of a news event looks at how the reporting happened as spread by the news wire system of the
Associated Press service in America Analysing the flow of information in this detailed way this book presents how a major
disaster a fast moving story with considerable spin was fed out to the press via the Dallas bureau in 1988 Introductory
chapters outline the workings of a press bureau office during a major story and present interview sections with key reporters
on the story about how their role unfolded Sidebar commentary alongside the reproductions of the news wires organised by
