Abernathy,2007-09-01 Have you ever wondered what a worldview is and why it s so important how liberal and conservative Christians both claim the Bible as their foundation why different worldviews attempt to solve the same problems in different ways how two people who formally espouse different worldviews can agree on so many issues why secularism is just as religious as Christianity why secularism has its own mythology why secularists want to silence Christianity in America s legislatures courts schools and churches why education is nearly always offered as a solution to society s ills and why it won t work how to formulate positions on contemporary issues not directly mentioned in the Bible why Christians are often ineffective at influencing culture Abernathy answers these questions and many more by examining the relationship between ideas and their real world consequences This foundational relationship is key to understanding secularism to understanding why its attempts to solve society s problems produce disastrous real world consequences and how its ideas infiltrate the biblical principles of even the most committed Christians Abernathy sifts through the deceptive language of secular orthodoxy and shows how secularism by any other name still has tragic real world consequences Ideologies such as humanism postmodernism and liberal Christianity are exposed as repackaged havens of a failed worldview Seemingly well intentioned notions such as progressive education pacifist foreign policy tolerance and wealth redistribution are debunked as deceptive myths peddled by an impoverished faith By Any Other Name shatters the secular barrier erected to exclude Christianity from the marketplace of ideas and lays the groundwork for engaging a culture contaminated by secular mythology **Children's Book Review Index: Title index** ,1985 The Insomnia Workbook Stephanie Silberman,2009-06 In The Insomnia Workbook readers struggling with insomnia learn treatment techniques from cognitive behavioral therapy CBT to help them fall asleep be more productive during waking hours and improve their overall health **The Cumulative Book Index** ,1984 A world list of books in the English language Theism as Grounded in Human

Nature William Leslie Davidson, 1893 What Do Children Read Next? Candy Colborn, 1994 Contains entries for approximately 2000 books aimed at young readers About half the titles were published between 1989 and 1994 and the remaining half are older titles which have stood the test of time *The Chautauquan* , 1894 **Terror All Around** Amy Kalmanofsky, 2008-06-15 Among the many strategies of persuasive speech biblical prophets often employ a rhetoric of horror Prophets use verbal threats and graphic images of destruction to terrify their audience Contemporary horror theory provides insight into the rhetoric of horror employed by the prophets In this book Amy Kalmanofsky applies horror theory to the book of Jeremiah and considers the nature of biblical horror and the objects that provoke horror as well as the ways texts like Jeremiah work to elicit horror from their audience Kalmanofsky begins by analyzing the emotional response of horror as reflected in characters reactions to terrifying entities in the book of Jeremiah Horror she concludes is a composite emotion consisting of fear in response to a threatening entity and a corresponding response of shame either directed toward one s self or felt on behalf of another Having considered the nature of horror she turns to the objects that elicit horror and consider their ontological qualities and the nature of the threat they pose There are two central monstrous figures in the book of Jeremiah aggressor God and defeated Israel Both of these monsters refuse to be integrated into and threaten to disintegrate the expected order of the universe She then presents a close rhetorical reading of Jeremiah 6 and consider the way this text works to horrify its audience The book concludes by considering fear s place within religious experience and the theological implications of a rhetoric that portrays God and Israel as monsters *Humanity and God* Samuel Chadwick, 1904
