Terrorism A Philosophical Analysis

Fritz Allhoff

Terrorism A Philosophical Analysis:

Terrorism J. Angelo Corlett, 2003-10-31 This is a unique book on terrorism that openly rationally and passionately delves into what underlies terrorism what in some cases justifies it on ethical grounds and how terrorism might be dealt with successfully Rather than assuming from the start a particular point of view about terrorism this book uniquely engages the reader in a series of critical discussions that unveil the ethical problems underlying terrorism A must read for everyone interested in understanding the depths of terrorism

Terrorism, Ticking Time-Bombs, and Torture Fritz Allhoff, 2012-02 The general consensus among philosophers is that the use of torture is never justified In this book Fritz Allhoff demonstrates the weakness of the case against torture while allowing that torture constitutes a moral wrong he nevertheless argues that it represents the lesser of two evils

The Fog of Terrorism James Warren Shufelt, 2007 *The Impact of 9/11 on Religion and Philosophy* M. Morgan, 2009-11-23 The Impact of 9 11 on Religion and Philosophy is the sixth volume of the six volume series The Day that Changed Everything edited by Matthew J Morgan This volume features a foreword by John Esposito and contributors include Jean Bethke Elshtain Philip Yancey John Milbank Ada Maria Isasi Diaz John Cobb and Martin Cook

Terrorism Igor Primoratz, 2012-12-10 This is the first comprehensive study of the core philosophical questions posed by terrorism such as How should we define it Is it morally distinctive Can it be morally justified Igor Primoratz seeks to overcome relativism and double standards that often plague debates about terrorism He investigates the main ethical approaches to terrorism in terms of its consequences rights and justice supreme emergency and the collective responsibility of citizens The book provides a rigorous yet accessible analysis of a range of moral positions from the acceptance of terrorism when its consequences are good on balance to its absolute rejection Primoratz argues that terrorism is almost absolutely wrong It may be morally justified only when an entire people is facing a true moral disaster and this should be understood in a highly restrictive way Conceptual analysis and normative arguments about the practice of terrorism are complemented with case studies of terror bombing of German cities in World War II and the role of terrorism in the Israeli Palestinian conflict *Terrorism A Philosophical Investigation* will be essential reading for researchers and students of philosophy and politics and the general reader seeking to understand and evaluate acts and campaigns of terrorism

Routledge Handbook of Ethics and War Fritz Allhoff, Nicholas G. Evans, Adam Henschke, 2013-06-26 This new Handbook offers a comprehensive overview of contemporary extensions and alternatives to the just war tradition in the field of the ethics of war The modern history of just war has typically assumed the primacy of four particular elements jus ad bellum jus in bello the state actor and the soldier This book will put these four elements under close scrutiny and will explore how they fare given the following challenges What role do the traditional elements of jus ad bellum and jus in bello and the constituent principles that follow from this distinction play in modern warfare Do they adequately account for a normative theory of war What is the role of the state in warfare Is it or should it be the primary actor in just war theory Can a just war be understood

simply as a response to territorial aggression between state actors or should other actions be accommodated under legitimate recourse to armed conflict Is the idea of combatant qua state employed soldier a valid ethical characterization of actors in modern warfare What role does the technological backdrop of modern warfare play in understanding and realizing just war theories Over the course of three key sections the contributors examine these challenges to the just war tradition in a way that invigorates existing discussions and generates new debate on topical and prospective issues in just war theory This book will be of great interest to students of just war theory war and ethics peace and conflict studies philosophy and security studies

Assessing the War on Terror Charles Webel, Mark Tomass, 2017-02-17 This volume is a collection of articles that critically examine the efficacy ethics and impact of the War on Terror as it has evolved since 9 11 During the decade and a half of the Global War on Terror GWOT numerous books have considered the political psychosocial and economic impacts of terrorism However there has been little systematic effort to examine the effectiveness of the GWOT in achieving its goals Furthermore there is virtually nothing that presents a comparative analysis of the GWOT by the people most directly affected by it citizens and scholars from conflict zones in the Middle East There is therefore great need for a book that analyzes the strategies tactics and outcomes of the GWOT and that also presents facts and ideas that are missing or underrepresented in the dominant public narratives The contributions in this volume were chosen to specifically address this need In doing so it uniquely provides not only Western perspectives of the GWOT but also importantly includes perspectives from the Middle East and those most directly affected by it including contributions from scholars and policy makers Overall the contributions demonstrate how views differ based on geographical location and how views have changed during the course of the still evolving War on Terror The book will be of much interest to students and scholars of terrorism and counter terrorism foreign policy Middle Eastern politics security studies and IR as well as policy makers

Improving Stability in Developing Nations through Automation 2006 Peter Kopacek, 2007-03-29 Technological development has caused profound changes and social stability Regions which have had stable populations for centuries have experienced enormous population growth leading to the emergence of sometimes unmanageable megaplex cities as well as bringing about macroscopic environmental change The scope of this IFAC SWIIS Conference is to offer insights into mitigating unwanted side effects of rapid development and to share methodologies for appropriate ways of managing the introduction of technologies which will alter social stability Contributions included in *Improving Stability in Developing Nations through Automation 2006* cover a very broad field of interest for subjects such as social aspects of technology transfer managing the introduction of technological change ethical aspects technology and environmental stability and anticipating secondary and tertiary effects of technological development 3 survey papers 17 technical papers and a summary of the panel discussion Bringing together scientists and engineers working in these subjects to discuss solutions

Extremism Quassim Cassam, 2021-09-01 Extremism is one of the most charged and controversial issues of the twenty first century Despite myriad

programs of deradicalization and prevention around the world it remains an intractable and poorly understood problem Yet it is also sometimes regarded as a positive force according to Martin Luther King Jr the question is not whether we will be extremists but what kind of extremists we will be In this much needed and lucid book Quassim Cassam identifies three types of extremism ideological methods and psychological extremism and discusses the following fundamental topics and issues What is extremism What are the methods adopted by extremists Is there an extremist mindset and if so what is it What role do ideas of purity victimhood and humiliation play in understanding extremism How does extremism differ from fanaticism and fundamentalism How does one become an extremist and how should we understand deradicalization Throughout the book Quassim Cassam uses many compelling examples ranging from the Khmer Rouge the IRA Al Qaeda and Timothy McVeigh to Philip Roth s novel *American Pastoral* and counter extremism programmes including the UK s Prevent strategy Clear headed and engaging *Extremism A Philosophical Analysis* is essential reading for anyone interested in this important topic not only in Philosophy but related disciplines such as Politics and International Relations Conflict and Terrorism Studies Law Education and Religion It will also be of great interest to policy makers and those engaged in understanding extremism at any level

Justifying the Use of Force Oliver Jütersonke, Peter Schaber, 2005 *Social Ethics: Morality and Social Policy* Thomas A. Mappes, Jane S. Zembaty, 2006-07-20 Provides material that encourages reflective and critical examination of key contemporary moral problems This book enhances the teachability and maintains its ability to bring the central issues into clear focus while allowing supporting arguments for diverse positions to be presented by those who embrace them

Stanford Journal of International Law, 1984 [The Morality of War](#) David Todd Kinsella, Craig L. Carr, 2007 A highly useful core text for courses in the field as well as an invaluable reference for any serious student of the ethics of war Albert Pierce U S Naval Academy When and why is war justified How morally speaking should wars be fought The *Morality of War* confronts these challenging questions surveying the fundamental principles and themes of the just war tradition through the words of the philosophers jurists and warriors who have shaped it The collection begins with the foundational works of just war theory as well as those of two competing perspectives realism and pacifism Subsequent selections focus on issues related to the resort to war the conduct of war and the judgment of war crimes Both traditional just war concerns and those that have emerged in response to contemporary developments such as the U S war on terror are thoroughly covered With articles that are crucially relevant to today s world paired with contextual introductions to each section the reader is ideally constructed to inform and guide students as they consider the morality of past and current military actions David Kinsella is associate professor of political science at the Hatfield School of Government Portland State University He is editor of *International Studies Perspectives* and coauthor of *World Politics The Menu for Choice* Craig L Carr is professor of political science at the Hatfield School of Government He is author of *On Fairness* and editor of *The Political Writings of Samuel Pufendorf*

Stanford Journal of International Studies, 1984 **Health Security Intelligence** Patrick F.

Walsh,2024-09-16 The book takes a multi disciplinary approach to explore the role national security intelligence agencies played in supporting national governments response to COVID 19 Spanning the Five Eyes intelligence countries UK USA Canada Australia and New Zealand this book offers the first cross comparative analysis of what intelligence agencies need to focus on in responding more effectively to future emerging health and biological security threats risks and hazards post COVID 19 The volume addresses three principal issues First it investigates what roles the Five Eyes intelligence communities played along with other key stakeholders such as public health agencies in managing the COVID 19 pandemic Second it assesses the challenges of and lessons learnt from these intelligence communities engagement in managing aspects of the pandemic Third it explores how the Five Eyes might play more effective roles in managing future health security threats and risks whether those are intentional bioterrorism and bio crimes accidental laboratory releases or unintentional pandemics in origin Overall this book offers a coherent and holistic research agenda that seeks to improve understanding about the role of national security intelligence in managing health security threats and risks post COVID 19 This book will be of much interest to students of intelligence studies health security public health and International Relations The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license American Book Publishing Record ,2004 Choice ,2005

International politics and society ,2006 **On Political Means and Social Ends** Ted Honderich,2003 The moral and political arguments judgements and commitments of Britain s outstanding radical philosopher What society ought we to have and what can we do to try to get it This book sets out to answer these questions beginning with a new essay on the foundation of a liberalism of means and ends John Stuart Mill s On Liberty It goes on to consider the culmination of liberal thinking in John Rawls A Theory of Justice It argues that liberalism is good intentions not carried forward into rational commitment Conservatism in its past and its present guises is also made clear in its reality So too is the leftism of the past including G A Cohen s attempt to save Karl Marx s theory of history Both are discarded The book argues for another political and social morality the generosity and fellow feeling of the Principle of Humanity It is a consequentialist rather than a mysterious morality and its essential idea is that we should take rational steps to rescue the badly off from lives of wretchedness and other distress This is the commitment that led to Ted Honderich s human and passionate response to 9 11 After the Terror the most controversial book of serious philosophy published in Britain since A J Ayer s Language Truth and Logic in 1936 A further chapter considers hierarchic democracy the democracy we have as distinct from the democracy we think we have and the necessity of mass civil disobedience The book ends with an essay that adds to the thinking of After the Terror particularly on the moral right of the Palestinians to their resistance **The Journal of Critical Analysis** ,1976

Embracing the Song of Phrase: An Psychological Symphony within **Terrorism A Philosophical Analysis**

In some sort of eaten by screens and the ceaseless chatter of immediate conversation, the melodic beauty and emotional symphony developed by the prepared word usually fade into the backdrop, eclipsed by the relentless sound and interruptions that permeate our lives. But, set within the pages of **Terrorism A Philosophical Analysis** a wonderful literary value overflowing with natural thoughts, lies an immersive symphony waiting to be embraced. Crafted by a wonderful composer of language, this charming masterpiece conducts readers on an emotional trip, skillfully unraveling the concealed melodies and profound affect resonating within each cautiously constructed phrase. Within the depths of this touching examination, we can explore the book is main harmonies, analyze its enthralling writing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
