Testament Seen Between The Lines:

The Catholic Beethoven Assistant Professor of Musicology Nicholas Chong, 2025-01-23 *The Catholic Beethoven* offers a new view of Beethoven and his religious music by demonstrating that both the composer and his sacred works were influenced by the German Catholicism of his era to a much greater extent than has been thought It draws on revisionist historical research into the role of religion in the Enlightenment especially the Catholic Enlightenment to interpret both the composer's religious works and documentary evidence of his spiritual outlook In addition it is the first book length treatment of Beethoven's sacred music that is not focused only on the Missa solemnis but also examines the Mass in C Christus am Iberge and the Gellert Lieder

The Book of Esther between Judaism and Christianity Isaac Kalimi, 2023-07-06 The book of Esther is one of the most challenging books in the Hebrew Bible Old Testament not only because of the difficulty of understanding the book itself in its time place and literary contexts but also for the long and tortuous history of interpretation it has generated in both Jewish and Christian traditions In this volume Isaac Kalimi addresses both issues He situates traditional literary textual theological and historical critical discussion of Esther alongside comparative Jewish and Christian interpretive histories showing how the former serves the latter Kalimi also demonstrates how the various interpretations of the Book of Esther have had an impact on its reception history as well as on Jewish Christian relations Based on meticulous and comprehensive analysis of all available sources Kalimi's volume fills a gap in biblical Jewish and Christian studies and also shows how and why the Book of Esther became one of the central books of Judaism and one of the most neglected books in Christianity
