## **Testimony Of The 20th Century:**

*A Twentieth Century Testimony* Malcolm Muggeridge, 1978 A collection of the author's thoughts about faith, God, and age

*Testimony and Witnessing in Psychoanalysis* Zepi Rosenberg Schipper, 2023-12-01 In this fascinating volume Zepi Rosenberg Schipper approaches the fundamental topic of testimony, seeking to recognize its value as a distinct and vital function in psychoanalytic work, separate from its inherited importance to work on trauma. Rosenberg Schipper introduces a revivifying philosophical, linguistic, and psychoanalytic approach to the act of testimony, focusing on the role of witnessing in daily life and the importance it has as a therapeutic tool in psychoanalytic and psychological therapy. Throughout, she pinpoints three key psychoanalytic theories on patient testimony. She begins by looking at Freud's foundational work on testimony as a means of concealing the unconscious and the questions of credibility in the consulting room; this creates, before looking at Winnicottian and Kohutian theories, whereby therapists take everything the patient says as a definitive truth. She concludes by looking at the Intersubjective and Relational schools of thought, where the therapist assumes the role of witness. By providing a comprehensive overview of the conflicting theories on the topic, Rosenberg Schipper equips practicing psychoanalysts and analysts in training with the tools necessary to utilize this vital therapeutic device and engage with it in treatment for all patients.

*Prosecuting Slobodan Milošević* Nevenka Tromp, 2016-04-14 This book offers a comprehensive analysis of the trial of former Serbian leader Slobodan Milošević at the International Criminal Tribunal for the former Yugoslavia (ICTY). With the premature death of Milošević in March 2006, his trial was left unfinished. Although the traditional objectives of criminal law, such as retribution, justice for victims, and deterrence, were not achieved, the Milošević trial archive is a significant historical resource for researchers from various fields. This book extracts details from the collection of documentary and transcript evidence that makes up the trial record, sources which would be almost impossible to extricate without an insider's guiding hand, to allow readers to trace the threads of several historical narratives. The value of this methodology is particularly evident in the Milošević case, as acting as his own defence counsel, he responded to and interacted with almost all witnesses and evidence presented against him. By providing snapshots of the behaviour displayed by Milošević in court while conducting his defence, in combination with passages of carefully selected evidence from an immense archive familiar to few scholars, this volume reveals how these trial records and trial records in general are a truly invaluable historical source. The book underlines the premise that any record of a mass atrocities trial, whether finished or unfinished, establishes a record of past events, contributes to interpretations of a historical period, and influences the shaping of collective memory. This book will be of much interest to students of the Former Yugoslavia war crimes, international law, human rights, international relations, and European politics.

*Psychiatry in Law / Law in Psychiatry, Second Edition* Ralph Slovenko, 2009-03-03 *Psychiatry in Law / Law in Psychiatry* 2nd Edition is a sweeping, up-to-date examination of the infiltration of psychiatry into law and the growing intervention of law into psychiatry. Unmatched in breadth and coverage, and

thoroughly updated from the first edition this comprehensive text and reference is an essential resource for psychiatry residents law students and practitioners alike

**Political Conversion** Don Waisanen, 2018-04-20 Stories of religious conversion have been told for millennia Yet many prominent figures such as Ronald Reagan Hillary Clinton and Rick Perry have also used stories of their change from one political worldview to another as a communication strategy aimed at winning the hearts and minds of the public This book is about political conversion stories in public discourse in their evolution from and interactions with religion From a historical perspective it charts the development of conversion narratives from religious contexts to their contemporary applications as specifically political messages Since these narratives continue to be used in the culture wars this book examines several related autobiographies that contributed to the use of this strategy in contemporary U S politics Each case shows how shifts during the postwar period called for conversion texts under varying guises and illustrates how and why the majority of these stories have been of conversions from the ideological left to the right Examining political conversion as a form of public persuasion *Political Conversion* ultimately provides insight into what these

types of civic religious stories mean for democratic communication and communities     *Federal Register* ,1946     **New**
