Van Rensselaer the last of the patroons and the principal landlord in the state The rising tide of political democracy coupled with economic distress and the accumulation of arrears produced an inevitable popular reaction against the burdens of tenancy The spark of revolt was struck in 1839 on the death of Stephen Van Rensselaer when his heirs attempted to collect arrears by legal process The result was an antirent agitation between 1839 and 1845 which flared up into sporadic violence and resistance to the sheriffs of several upstate counties by bands of farmers summoned to the call of tin horns and disguised in calico robes and Indian masks This in turn provoked collision with the state authorities upholding law and order *Journal of Economic History*     **The Texas Doctor and the Arab Donkey** Joseph Marstain Fort,1892     *The Texas Outlook* ,1927
