Text Commentary And Cases On Trusts:

Text, Commentary, and Cases on Trusts A. H. Oosterhoff, 1987 **Text, Commentary and Cases on Trusts** A. H. Oosterhoff, Eileen E. Gillese, 1998-01-01 **Text, Commentary and Cases on Trusts** A. H. Oosterhoff, Eileen E. Gillese, 1998 **Resulting Trusts** Robert Chambers, 1997 The resulting trust has received little attention in recent years and this may be because until relatively recently the law relating to resulting trusts was thought to be settled and uncontroversial Most of the current academic writing about resulting trusts is found in the established textbooks on equity and trusts but these tend to provide little more than catalogues of the situations in which resulting trusts arise There is however very little consensus on the principle by which the resulting trust operates including the fundamental question whether it arises by operation of law or depends on the presumed intention to create a trust This book examines the true nature of the resulting trust and the question whether the trusts brought into being to reverse unjust enrichment should not include resulting trusts It then considers whether when resulting trusts are properly understood it does turn out that it is through the resulting trust that equity makes its principle contribution to reversing unjust enrichment This book examines principally the case law of the UK Canada and Australia and it also makes reference to the views of academic commentators as found in the standard texts and law journals A.H. Oosterhoff A. H. Oosterhoff, Eileen E. Gillese, 1992-01-01 **Trusts and Patrimonies** Remus Valsan, 2015-06-17 Focusing on the private law of England Scotland France Quebec and the Netherlands this volume explores how the private law concepts of trust and patrimony interact in various jurisdictions with a view to advancing the understanding of the trust as a fundamental legal concept It comprises new and previously published papers written by distinguished comparative law scholars The authors investigate whether the common law trust could be understood as a civil law patrimony by appropriation and whether civil law and mixed traditions could create local versions of the common law trust using patrimony as the main conceptual building block **The Canada Income Tax Act: Enforcement, Collection, Prosecution: A Case Compilation, 6th Ed.** Lyndon Maither, An extensive case compilation of the principal ITA enforcement collection provisions as before the latest provision renumbering after 2016 Quotes cases that are of historic significance or are merely illustrative There is no equity in tax law and while object and spirit should always be adhered to with regard to established legislative intent allowing for crafted legitimate and worthy interpretation of everyone's ITA this case compilation is merely that circa 2012 It describes the cases that have occurred in relation thereto and remains pretty much applicable on the collection enforcement and prosecution spirit sorry folks don't have the time to bring this up to date Recommend starting at the Supreme Ct for juris and meander down to lower courts Curiosities and Anomalies in The Federal Income Taxation of Trusts and Estates, 4th Ed.
