discussions where the epic and narrative structure of SPACE 1999 is being discussed by comparing episodes with themes characters and elements of plot from the Homeric Odyssey and Lewis Carroll s stories about Alice The discussion is motivated by questions raised in the scholarly literature and earlier Online Alpha debates about how to make sense of SPACE 1999 from the viewpoint of critical theory The book has been developed on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com **The Lotus-eaters and Other Talks** Fred Burton Ranney Hellems, *The Emergence of the African-American Artist* Joseph D. Ketner,1993 Duncanson persevered With no professional training he taught himself to paint by copying prints and portraits and sketching from nature He began his career as a house painter and decorator eventually graduating to the work that would make him famous in his time landscape painting Seeds of Western Culture Graham P Scott,2026-01-01 The book discusses two of the main seeds of Western Culture the Exodus and the Odyssey which are entwined within the book by both a common link with Egypt and a review of ancient chronology They were both antecedents to the rise of Christianity which is at the heart of Western Culture It was inspired by a desire to understand the spiritual message of the Odyssey which required both geographical and spiritual interpretations of the poem Linked to this was a desire to understand the political context of the Trojan story which required resolving the false hiatus in the archaeology of Troy This resulted in a new paradigm for understanding ancient chronology which revealed the stories behind the Exodus and the location of the Garden of Eden Writing the book has been a long and eventful journey longer than Odysseus 19 years away from home The book is written in five parts Universal Chronology Based on the identification of Menophres with Thutmose III and of the Bubastite Portal s reference to Shoshenq s participation in the Battle of Qarqar the Egyptian Third Intermediate Period is shortened by 120 years with a pharaoh ruling from Tanis and subordinate kings at Bubastis and Thebes The Exodus Using the Universal Chronology and genealogical information and dates provided by the Bible it is demonstrated that the story of the Exodus is a combination of two events being the exodus of the Hyksos led by Abraham in 1406 BC following the eruption of Thera and the exodus of the Atenist Levite priests led by Moses in about the first year of Tutankhamun 1204 BC The story of Abraham also reveals the location of the Garden of Eden in the heartland of the Levant Radiocarbon Dating The process that created the dendrochronology based radiocarbon calibration curve is demonstrated to be a flawed non scientific process that relied upon circular arguments The Odyssey By comparing the life and work of Archilochus to both the Odyssey and the Iliad it is shown that Archilochus must have been the author of the Odyssey The allegory within the Odyssey is also discussed to provide both geographical and spiritual interpretations of the poem Western Culture The two main streams of Western Culture Ancient Greece and Christianity are shown to have had their foundations in the stories surrounding the Trojan War the spiritual message of the Odyssey and the influences of Egypt on Greece and Judaism It is shown how Greek and Jewish religions were fused to create the Gospels and contributed towards modern astrology The Odyssey Homer,1927 From Stephen Mitchell the renowned

translator whose Iliad was named one of The New Yorker's Favorite Books of 2011 comes a vivid new translation of the Odyssey complete with textual notes and an illuminating introductory essay The hardcover publication of the Odyssey received glowing reviews The New York Times praised Mitchell's fresh elegant diction and the care he lavishes on meter which brought me closer to the transfigurative experience Keats describes on reading Chapman's Homer Booklist in a starred review said that Mitchell retells the first still greatest adventure story in Western literature with clarity sweep and force and John Banville author of The Sea called this translation a masterpiece The Odyssey is the original hero's journey an epic voyage into the unknown and has inspired other creative work for millennia With its consummately modern hero full of guile and wit always prepared to reinvent himself in order to realize his heart's desire to return to his home and family after ten years of war the Odyssey now speaks to us again across 2 600 years In words of great poetic power this translation brings Odysseus and his adventures to life as never before Stephen Mitchell's language keeps the diction close to spoken English yet its rhythms recreate the oceanic surge of the ancient Greek Full of imagination and light beauty and humor this Odyssey carries you along in a fast stream of action and imagery Just as Mitchell re-energised the Iliad for a new generation The Sunday Telegraph his Odyssey is the noblest clearest and most captivating rendition of one of the defining masterpieces of Western literature
