The Boy Wordsworth:

The Boy Wordsworth Stanley Charles Rose, 1973 **Romantic Poetry** Angela Esterhammer, 2002-01-01

Romantic Poetry encompasses twenty seven new essays by prominent scholars on the influences and interrelations among Romantic movements throughout Europe and the Americas It provides an expansive overview of eighteenth and nineteenth century poetry in the European languages The essays take account of interrelated currents in American Argentinian Brazilian Bulgarian Canadian Caribbean Chilean Colombian Croatian Czech Danish English Estonian Finnish French German Greek Hungarian Irish Italian Mexican Norwegian Peruvian Polish Romanian Russian Serbian Slovak Spanish Swedish and Uruguayan literature Contributors adopt different models for comparative study tracing a theme or motif through several literatures developing innovative models of transnational influence studying the role of Romantic poetry in socio political developments or focusing on an issue that appears most prominently in one national literature yet is illuminated by the international context This collaborative volume provides an invaluable resource for students of comparative literature and Romanticism SPECIAL OFFER 30% discount for a complete set order 5 vols The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism s own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in

the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age **Materials for a Study of Wordsworth's Theory of Fine Art** Florence Merritt Foster,1920

The boy's own poetry book, ed. by E. Davenport E. Davenport,1889 *Wordsworth's Poetry of Repetition* Sarah Houghton-Walker,2023 This book explores those moments of repetition placing them in the early nineteenth century context from which they emerged and teasing out through extended close attention to the poetry itself the complexities of repetition and recapitulation **Experimentalism in Wordsworth's Later Poetry** Tim Fulford,2023-06-29 Tim Fulford provides

detailed readings of a range of little known late and difficult poems which together present an alternative Wordsworth to the one we are used to This newly revealed Wordsworth continued experimenting with form genre and style as his career progressed so as to ponder the challenging experiences presented by later life Fulford invites the reader to engage through Wordsworth s poetry with such broadly felt concerns as quarantine isolation mental illness and bereavement Focused yet broad in chronological scope this study also considers the literature of Wordsworth s old age in relation to his earlier work

Wordsworth's Biblical Ghosts D. Westbrook,2001-09-07 The Bible serves Wordsworth as a basis for his poetry and poetics providing language images figures and importantly a paradigm of poetic genres Working from three interrelated critical approaches intertextuality poetics and metaphysics Westbrook first analyzes Wordsworth s theory and practice as these reflect the New Testament doctrine of the Incarnation Subsequent chapters consider Wordsworth s adaptation of biblical narrative forms etymological tales parables and mystical allegories Closing chapters examine some extraordinary linguistic innovations in Wordsworth s revisions of biblical apocalypse techniques that permit the poet to express the ineffable and to reveal nothing **Wordsworth's Revisionary Aesthetics** Theresa M. Kelley,1988-03-31 This book offers a fresh

understanding of the role of aesthetics in Wordsworth s major poetry and prose Arguing that Wordsworth presents sublimity and beauty as strata in the mind s aesthetic retrieval Professor Kelley s 1988 text proposes geological precedents for this aesthetic model and evaluates its differences from the models developed by Burke Kant and Hegel This study sheds light on Wordworth and Romanticism in several ways It establishes key differences between his aesthetics and that of Burke Kant and other predecessors it offers an insightful understanding of the aesthetic nature of Wordsworth s poetic achievement and it grounds its close rhetorical analysis of texts and figures in relevant historical and political contexts **The Chautauquan**
