My Bert Has Alzheimer's Paula de Ronde, 2022-01-26 My Bert Has Alzheimer s is an intimate detailed account of a wife s experience with her husband s dementia As Paula de Ronde quickly learned life for two people patient and caregiver is thrown into disarray with a diagnosis of Alzheimer s Ambushed by the disease it is a journey into the unknown but one that features an abundance of love hope and support There is no shying away from the horror of the disease but its awfulness doesn t strip from the experience of the powerful companions that accompany those enduring it namely love laughter and community Thrust into the caregiver role for her other half who used to be her equal and best buddy making all kinds of decisions together Paula now enters a new world of uncertainty and chaos There is no roadmap Instead she learns that the disease is as individual as each person who contracts it Here is a caregiver s poignant and revealing story of the mental physical and emotional stress of caring for the love of her life her Bert as he gives over to his neurological disease The caregiver s life is far from easy Yet fueled by love which never wanes each step of the way is handled with grace and the help of care partners Alzheimer s steals memories but

also gives teaching moments As the disease progresses Paula learns to be more tolerant patient compassionate and accepting of human frailties Alzheimer s releases an inner strength She meets each challenge finds a solution to each issue that arises then passes on her new found knowledge to others She learns the value of having a support group Alzheimer s cements the old adage that laughter is the best medicine Together she and her Bert become stronger than the disease With humour compassion wisdom and deep feeling she describes this slice of their conjoined lives More than a record of the impact of a disease this is at its essence also a love story [Speaking of Apes](#) Thomas A.
