Bakscheider, Catherine E. Ingrassia, 2009-10-30 This anthology gathers 368 poems by 80 British women poets of the long eighteenth century Few of these poems have been reprinted since originally published and all are crucial to understanding fully the literary history of women writers Paula R Bakscheider and Catherine E Ingrassia demonstrate the enormous diversity of poetry produced during this time by organizing the poems in three broad and deliberately overlapping categories by genre establishing that women wrote in all of the forms that men did with equal mastery and creativity by theme offering a revisionary look at the range of topics these writers addressed including war ecology friendship religion and the stages of life and by the poems more specific focus on the women s experiences as writers Bakscheider and Ingrassia have selected poems that represent the best work of skilled poets creating a wonderful mix of canonical and little known pieces They include the complete texts of longer poems that are abridged or omitted in other collections Their substantial part introductions textual notes bibliographical information and biographical sketches situate the poets and their writings within the cultural and political milieu in which they appeared To generate further scholarship on this subject this essential anthology puts primary texts in front of students scholars and general readers It fills the persistent need to document women s poetic expression during the long eighteenth century and to rewrite the literary history of the period a history from which women have largely been excluded      [The British Female Poets: with Biographical and Critical Notices. \[An Anthology.\]](#)

George Washington Bethune,1848      **The British Female Poets** George Washington Bethune,2017-12-02 Excerpt from The British Female Poets With Biographical and Critical Notices Nothing shows the superiority of women in our day to those of past centuries more than a comparison of their writings For this reason Specimens will be given of their verse from the earliest known Juliana Berners down to the latest issues from the British press and it will readily be seen how msrgnificant even the matchless Orinda is by the side of those least distinguished among her modern sis ters nor has care been omitted to preserve something from the pens of some who derived celebrity from the mention of their names by the better authors of their day as the Mrs Williams of Dr Johnson or the Lactilla of Hannah More since little merit as their productions may have they pos sess an interest from such accidental circumstances and serve to show how small a portion of talent then made a wo man remarkable In fact our volume aims at a higher merit than that which belongs to a mere compilation of extracts and presents a history of female English poetry About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Pearls from the British Female Poets** George Washington Bethune,1875      *British Women Poets of the Romantic Era* Paula R. Feldman,2001-01-19 This groundbreaking volume not only documents the richness of their literary contributions but changes our thinking about the poetry of the English Romantic period      *The American Female Poets* Caroline May,1849      **Pearls from the British Female Poets** George Washington Bethune,1869      Poetry Off the Page Laura Severin,2017-03-02 This study examines the performed poetry of Charlotte Mew Anna Wickham Edith Sitwell Stevie Smith Liz Lochhead and Jackie Kay as an alternative radical tradition of British poetry developed to convey women s experience Through a historical treatment in which the poets are discussed in pairs the chapters trace how these six women used a performative poetry to deal with difficulties regarding women s representation from simply presenting difference in the case of Mew and Wickham to deconstructing difference in the case of Sitwell and Smith to avoiding the recapture of cultural imagery in the case of Lochhead and Kay Laura Severin claims that twentieth century British women poets have been neglected by both feminist and more traditional literary critics because they cannot be read within available literary frameworks Feminist criticism in particular has overlooked the value of other poetic ancestries by locating the only radical tradition of modern poetry in fractured form At least one alternative radical tradition can be found in a narrative and performed poetry that maximizes its transgressive potential with multiple framing devices Though a female poet always experiences difficulty in controlling both cultural imagery and her own public presentation these framing devices work together both to deconstruct the essentialized category of woman and to recover

the multiplicity of women's experience      *British Women Poets of the 19th Century* Margaret R. Higonet, 1996 A comprehensive anthology to give modern readers access to 48 exciting women who wrote and published poetry in the Romantic and Victorian periods The works of Elizabeth Barrett Browning Christina Rossetti and Emily Bronte have been collected and preserved but most women poets of the age were passed over in favor of the major male talents From the romanticism of Dorothy Wordsworth's odes to the political poems of Helen Maria Williams and Anna Barbauld to the satirical critiques of gender conventions in the poems by Jane Taylor and Charlotte Mew this anthology restores the voices of these lost artists Biographies accompany each selection      *Pearls from the British Female Poets*, 1876      **Representations of Women** Kathleen Hickok, 1984-06-26 Estudio sobre la representacion de la mujer en la poesia del s Xix en reino unido principalmente en la escrita por mujeres Presenta los roles que tenia de madre hermana hija y solterona y como se la reperesentaba en sustrabajos u ocupaciones segun la clase social a la que perteneciera Luego se detiene a estudiar la obra de dos poetisas en especial que significan un punto de inflexion en la imagen de la mujer en la literatura Elizabeth barrett browning y christina rossetti      *British Women Writers* Janet Todd, 1989 A welcome and necessary addition to the reference shelf Washington Post Book World
