The Butterflies Come:

The Butterflies Come Leo Politi, 1964 A little girl visits the butterfly trees near her home on the Monterey Peninsula where the monarch butterflies spend the winter and learns about past and present butterfly celebrations in California [Go Fish](#) Vailore Anandan, 2007-09-20 The book contains three parts Part 1 Adam was an auto worker he wanted to take a long vacation before his retirement He wanted to make his soul searching trip on his car named Rudy He wanted to figure out his life for the last time Adam his son Cady and his daughter in law Elena and his grand daughter Mothi took the road trip to California They did a lot of camping and fishing Adam talks about the evolution of life form as he understood He proposes a parametric system due to the variation of the basic dimensions such as time energy humanity and system He shows the niche for the existence of various species Thus they do not have a preprogrammed malice in their mind for their existence It is just a manifestation of energy We should not misuse the term survival of the fittest Part 2 They talked about various philosophies as they went thru the trip Adam told many stories to explain his concepts He talks about a comprehensive outlook of all the current political systems such as individualism socialism and communism from the existence point of view Thus a connectivity between the systems can be established to transact in a humane way This could avoid various political imbalance in the society whether it may be a local or international As all the philosophers have mentioned if we can understand or define a problem well then we are already in the process of fixing it He talks about the logic for religious philosophy He explains that the process of looking beyond the individual or social or communalism is the basis for religion It is a process for looking beyond our lives He also explains that the most common hurdle that you face in the thought process of science or philosophy rationale is the entity called Conflict We do not face such hurdle in the religious thought process It is beyond the bounds of existence and hence we do not have the bounds of existence and hence the entity of conflict disappears He also talks about the human intuition He talks about how to develop the human intuition which is useful to form large patterns as well as to understand large patterns without the complete rationale understanding He touches on the topic of Order and Chaos He talks on the subject beyond the classical analysis of a broken cup and its implication on physics He mentions his comments on the intrinsic and extrinsic properties of the various entities Adam explains these concepts in short stories to his grand daughter Mothi Part 3 They progress well into their trip They reach San Francisco and went around with their family and friends They made a number of camping Adam was continuing his discourses He talked about Time and its manifestation He proposes the attributes of energy that makes the time move forward or makes a path where it evolves us to a better and able people as well as form a stable and peaceful system He proposes to obtain a positive arrow of time He continues his thought to form a theoretical process using systems and knowledge and science of mathematics He talks about the basis of various systems such as mathematics music language and computers and so on how to transfer between them and how the knowledge was perceived in the olden days thru human body and mind It was a mind boggling session on the

perception of human mind on the grand theories and how he uses his own body and mind to perceive them understand them and formulate them He talks about error and the way we need to perceive it and he also mentions on the body model mind model and the interaction of energy and time He talks about energy and subjective energy and his experiment with information He talks about Natural vs Artificial design He uses the information theories and the financial systems and energy principles to create a proposal for inventing new material without the use of expen *The Story of Munira* Madhavi Malhotra,2018-03-29 Dr Madhavi Malhotra is a poet and a researcher By simplifying English grammar in a new approach she evolves as a teacher The book is a collection of poems with a new message of love and and exercises written for series of English classes Munira opens her window each day to welcome the sun Goddess Sarasvati inspires her to dance sing and learn She has a deep friendship with the butterfly In in her mother s lap she is in fact the butterfly enveloped in the flower Her toys teach her meaningful lessons Munira experiences triumph and defeat while flying kite but learns to smile Do you think the balloons fulfill their promise to fly her to the sky Today Munira is fifteen Imraan has left for Saudi Arabia and mother is no more Is the moon real she asked but she sees a different light On her fathers birthday the butterfly meets a tragic end leaving a message but Then hundreds of butterflies arise from amidst the flowers Make dialogues The butterfly loves the flower Does the butterfly love the flower No the butterfly does not love the flower The butterfly loves the flower Why does the butterfly love the flower **WHEN THE BUTTERFLIES COME HOME.** MICHAEL S.
