The Living Symbol. A Case Study in the Process of Individuation. [With Plates.]. Dr. Gerhard ADLER (of Berlin.),1961

The Living Symbol Gerhard Adler,2003-01-31 *God's Autopsy and the Living Truth of Soul* Hal Childs,2022-08-22

The Grand Narrative of Christianity that the Bible created is dead and the Bible is silent Does the Bible have anything relevant to say to our modern circumstances We ask where did God come from What happened to God God s Autopsy reinterprets soul and God as historical psychological phenomena related to the cultural structure of consciousness the invisible shared context of thought which has changed dramatically over the past three millennia This book offers a new way to understand the trajectory of Western civilization by making the implicit foundation of Western consciousness soul visible and conscious Our modern Western consciousness is radically different from that of antiquity when the Bible emerged Jung s psychological philosophical insight that whenever we speak about the psyche it is the psyche speaking about itself leads to the realization that today consciousness has come home to itself Beginning with preliterate polytheism the emergence of the transcendent god Yahweh and Christ which led directly to the Enlightenment objective soul continues to unfold itself How did late modernity become a topsy turvy quantum virtual digital impersonal and abstract world that appears to be running away from us The answer is unexpectedly and shockingly in the Bible itself [The Living Symbol a Case Study in the Process of Individuation - Scholar's Choice Edition](#) Gerhard Adler,2015-02-15 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Human Hand, the Living Symbol, Etc. Serpents of Eternity, Chaos, Kingship, and the Living Power of the Snake Ben Van Kerkwyk,2025-12-24 In Serpents of Eternity the most feared creature of the ancient world becomes the most sacred Across the temples tombs crowns and underworld passages of Egypt the serpent is never just an animal it is a living code protection and poison kingship and chaos renewal and annihilation This book plunges into the coiled heart of Egyptian symbolism revealing why cobras guarded thrones why serpents haunted the night journey of the sun and why the boundary between safety and

destruction was imagined with fangs Written in a powerful immersive style for readers who crave mystery myth and meaning Serpents of Eternity transforms Egypt s snake lore into a full cosmic drama where every gate is a test every crown is a warning and every dawn is a victory that must be defended But the serpent s real power is what it still does to you It triggers something ancient in the nervous system attention awe fear and turns that reaction into a doorway toward deeper insight Moving from household protection to royal power technology from underworld guardians to the infinite loops of eternity this book reads like a forbidden manual of sacred boundaries how the Egyptians trained the mind sealed the soul and engineered permanence through symbols that still strike across time If you ve ever felt that Egypt hides a deeper system beneath the surface something older than history and sharper than belief this is your invitation to step through the threshold and meet the watcher in the grass
