The Lords of Japan Henry Wienczek,1982 Text and lavish photographs present Japanese history 710 1868 and the associated artistic treasures *The Japanese and the Jesuits* Mr J F Moran,J. F. Moran,2012-10-12 The Japanese and the Jesuits examines the attempt by sixteenth century Jesuits to convert the Japanese to Christianity Directing the Jesuits was the Italian Alessandro Valignano whose own magisterial writings many of them not previously translated or published are the principle source material for this account of one of the most remarkable of all meetings between East and West Valignano arrived in Japan in 1579 In promoting Christianity he always sought the support of the ruling classes but an important part of his strategy was also to have the missionaries adapt themselves thoroughly to Japanese customs etiquette and culture He was insistent that they must master the Japanese language and he brought to Japan a European printing press which turned out grammars and dictionaries for the missionaries and works of instruction and devotion for the Japanese Christians Following Valignano s death Christianity was proscribed and missionaries banished from Japan This does not detract from his remarkable achievements He understood perfectly well that foreign missionaries by themselves were not capable of converting Japan to Christianity and one of his principal concerns was the training of Japanese Jesuits and priests and breaking down the barriers between them and the Europeans Few people have ever been more acutely aware of or grappled more determinedly with problems in Japanese Western relationships Minutes of Evidence Taken by the Committee Appointed by the Lords Commissioners of His Majesty's Treasury to Consider the Organisation of Oriental Studies in London, with Lists of Witnesses Examined and Index Great Britain.
