Drawing from lessons she learned during a yearlong experiment in zero-waste living, Amy outlines hundreds of easy ideas, from the simple to the radical, for consuming and throwing away less. With low-impact tips on the best ways to buy eggs from a local farm instead of the grocery store, start a worm bin for composting, grow your own loofah sponges, and mix up eco-friendly cleaning solutions, purchase gently used items, and donate them when you're finished, shop the bulk aisle, and keep reusable bags in your purse or car, bring your own containers for take-out or restaurant leftovers, by eliminating unnecessary items in every aspect of your life, these meaningful and achievable strategies will help you save time and money, support local businesses, decrease litter, reduce your toxic exposure, eat well, become more self-sufficient, and preserve the planet for future generations.
