Statius Silvae:

Statius: Silvae Book II Statius, 2011-02-17 With the exception of a poem on the unscripted death of a lion in the Colosseum Book II of Statius Silvae is largely domestic in theme It reflects the more private side of Roman culture its pleasures houses gardens friendships and personal losses it concludes with a provocative tribute to the poet Lucan Despite its variety the book is carefully constructed as a unit and this edition which is suitable for use with advanced students puts the book into its context in the history of Greek and Roman poetry The commentary takes into account the important work done on the text of the Silvae in the past two decades as well as the new perspectives brought to bear on Flavian culture by historians and archaeologists It explores Statius use of the short poem as a playful engagement with literary tradition that also reflects changing ideas of Roman cultural identity Statius' Silvae and the Poetics of Empire Carole E. Newlands, 2002-03-14 Statius Silvae written late in the reign of Domitian AD 81-96 are a new kind of poetry that confronts the challenge of imperial majesty or private wealth by new poetic strategies and forms As poems of praise they delight in poetic excess whether they honour the emperor or the poet's friends Yet extravagant speech is also capacious speech It functions as a strategy for conveying the wealth and grandeur of villas statues and precious works of art as well as the complex emotions aroused by the material and political culture of empire The Silvae are the product of a divided self fashioning voice Statius was born in Naples of non-aristocratic parents His position as outsider to the culture he celebrates gives him a unique perspective on it The Silvae are poems of anxiety as well as praise expressive of the tensions within the later period of Domitian's reign *The Poetic World of Statius' Silvae* Michael Putnam, PROF MICHAEL. PUTNAM, 2023 In the essays of this volume Michael Putnam shows how seriously Statius pays homage to his canonical predecessor Virgil how thoroughly he interprets the complexities of Virgilian poetry and how he often by placing a Virgilian reference in a different social and cultural context boldly turns Virgil to new and more positive purposes He focuses particularly though not exclusively on those Silvae which deal with the architectural world of Statius society the private villas the gardens and the imperial palace He also writes of the Roman equivalent of the Grand Tour a young man's educational journey through the monuments of Egypt Greece and Asia Minor The essays offer valuable insight into the cultural and social identity of late first century imperial Rome Statius reverential but also heuristic engagement with Virgil emerges more distinctly across the interrelated essays Putnam's collected essays display the pioneering nature of Statius Silvae in the development of epiphraisis as an important social and literary mode in Roman poetry **P.
