Steam Days:

Harold Gasson's Steam Days Harold Gasson,2020-12-12 When Harold Gasson first put pen to paper more than forty years ago it was at a time when there was a growing resurgence of interest in the steam railway Three of his books described his life as a fireman based at Didcot shed from the early 1940s *Firing Days* was followed by *Footplate Days* and then *Nostalgia Days* Finally after Harold had forsaken the footplate for the signal box came the final instalment *Signalling Days* All were eagerly sought after at the time for they described the railway readers wanted to hear about providing a nostalgic perspective which could be enjoyed from the comfort of one s arm chair Out of print for several decades all four books have now been reprinted and are available together for the first time complete with a new set of illustrations The steam engines and most of the mechanical signal boxes of Harold s working days may have been long consigned to history but in these well written and enjoyable books they are brought vividly back to life for a new audience to enjoy as well for those who recall his era for whom these tales will reawaken treasured memories
