**The Suitcase Farming Frontier** Leslie Hewes, 1973 *The Suitcase Farming Frontier* Leslie Hewes, **The Legacy of Conquest** Patricia Nelson Limerick, 2011-02-07 Limerick is one of the most engaging historians writing today Richard White The settling of the American West has been perceived throughout the world as a series of quaint violent and romantic adventures But in fact Patricia Nelson Limerick argues the West has a history grounded primarily in economic reality in hardheaded questions of profit loss competition and consolidation Here she interprets the stories and the characters in a new way the trappers traders Indians farmers oilmen cowboys and sheriffs of the Old West meant business in more ways than one and their descendents mean business today **Rooted in Dust** Pamela Riney-Kehrberg, 1994 Examines the social impact of drought and depression in Kansas illustrating how both farm and town families dealt with the deprivation by finding odd jobs working in government programmes or depending on federal and private assistance *Willard Garvey* Maura McEnaney, 2013-10-01 Pulitzer Prize winning journalist Maura McEnaney s fascinating and wide ranging biography of businessman and entrepreneur Willard Garvey is in many ways a history of 20th century America itself Born in Dust Bowl country as a teenager he rode the rails at the height of the Great Depression to work in California s Grapes of Wrath orchards He sailed on the Queen Mary to the European theater of World War II where he was one of the first three American officers into Berlin following its fall and attended the Potsdam Conference A visionary businessman who dreamed of Every man a homeowner Garvey pioneered affordable home ownership in developing countries at a time when few if any knew or cared about the millions living in slums worldwide Despite revolutions coups and Anti American persecution his World Homes provided thousands of families in countries from South America to Asia the opportunity of moving onto and up the economic ladder He hobnobbed with heads of state and captains of industry counting 20th century titans J B Fuqua Robert Galvin and John Templeton as closest friends and confidantes He started a short lived fourth television network and pushed for independent journalism in an era of tightly controlled media He even tried to start a new country Yet despite his far flung operations Garvey was never far from his hometown affairs Organizing and hosting Saturday morning coffee shop gatherings of ordinary concerned citizens inveterate writer of Letters to the Editor crusader against the overreach of government bureaucracy Garvey ceaselessly fought for his fellow man to have the opportunities for success he had enjoyed and that he saw government s growing powers threatening It is perhaps his final biggest achievement that stands as Willard Garvey s legacy Beyond owner operator of the world s largest grain elevator and largest private landowner in Nevada builder of Kansas s tallest building the Epic Center Its slanted copper roof pointed to the sky it echoes the Kansas state motto that could well serve as his too Ad Astra per Aspera To the stars through difficulties **Harvesting the High Plains** H. Craig Miner, 1998 Historian Craig Miner recounts the story of a former field hand whose joint enterprise with Wichita entrepreneur Ray Garvey created an agricultural wheat empire which still operates today Miner details the daily decisions the men made

which led to their success as well as treating philosophical and historical questions about the relationship between agriculture and nature in a semi arid region Annotation copyrighted by Book News Inc Portland OR

**Ghost Settlement on the Prairie** Joseph V. Hickey,1995 Four miles southeast of the village of Matfield Green in Chase County Kansas the heart of the Flint Hills lies the abandoned settlement of Thurman At the turn of the century Thurman was a prosperous farming and ranching settlement with fifty one households a post office two general stores a blacksmith shop five schools and a church Today only the ruins of Thurman remain Joseph Hickey uses Thurman to explore the settlement form of social organization which along with the village hamlet and small town was a dominant feature of nineteenth and early twentieth century American life He traces Thurman s birth in 1874 its shallow rises and falls and its demise in 1944 Akin to what William Least Heat Moon did for Chase County in PrairyErth Hicky provides a deep map for one post office community and consequently tells us a great deal about America s rural past Describing the shifting relationships between Thurmanites and their Matfield Green neighbors Hickey details how social forces set in motion by the American ideal of individualism and the machinations of capitalist entrepreneurs produced a Darwinian struggle between Thurman stock raisers and Flint Hills cattle barons that ultimately doomed Thurman Central to the story are the concept of ordinary entrepreneurship and the profoundly capitalist attitudes of the farmers who settled Thurman and thousands of other communities dotting the American landscape Hickey s account of Thurman s social organization and disintegration provides a new perspective on what happened when the cattle drives from Texas and the Southwest shifted in the 1880s from the Kansas cowtowns to the Flint Hills Moreover he punctures numerous myths about the Flint Hills including those that cattle dominated because the land is too rocky to farm or that Indians refused to farm because of traditional beliefs Like many other small rural communities Hickey argues Thurman during its seventy year history was actually several different settlements A product of changing social conditions each one resulted from shifting memberships and boundaries that reflected the efforts of local entrepreneurs to use country schools churches and other forms of social capital to gain advantages over their competitors In the end Thurman succumbed to the impact of agribusiness which had the effect of transforming social capital from an asset into a liability Ultimately Hickey shows the settlement s fate echoed the decline of rural community throughout America
