linguistics starting with a section on the question whether it is possible to conduct up to date linguistic research for Latin at all To be followed by a brief sketch of the impact of recent linguistic theories on Latin linguistics in general and in a final third section an outline is presented of the possible interest the contributions to this volume may have for linguists working on languages other than Latin Catalogue of the educational division of the South Kensington museum Victoria and Albert museum,1876 Catalogue of the Educational Division of the South Kensington Museum South Kensington Museum,1876
