Whittaker,2004 The first introductory book to focus on terrorists themselves looking at the mindset motivation and tactics of a variety of terrorist group **Inside Terrorism** Bruce Hoffman,2006 Defining terrorism The end of empire and the origins of contemporary terrorism The internationalization of terrorism Religion and terrorism Suicide terrorism The old media terrorism and public opinion The new media terrorism and the shaping of global opinion The modern terrorist mind set tactics targets tradecraft and technologies Terrorism today and tomorrow **The Terrorist Trap, Second Edition** Jeffrey D. Simon,2001-12-07 The bombings of the Murrah Federal Building in Oklahoma City and of the World Trade Center in New York City have joined a long history of terrorists acts against the United States In this newly updated edition of his book Jeffrey Simon reaches back to the founding days of the Republic to tell a story that is both instructive and alarming Simon uncovers the dynamics of a deadly conflict that affects all Americans His in depth interviews with terrorists and their victims with reporters government officials and others bring to life a tale of presidents and terrorists media and society all entangled in a drama of international violence The Terrorist Trap traces the government response to terrorism from the days of Thomas Jefferson and the Barbary Pirates to William Jefferson Clinton s confrontation with homegrown terrorism It explores the terrorist trap the psychological political and social elements that make terrorism unlike any other conflict With the end of the Cold War and the defeat of Saddam Hussein s army in the Gulf War many believed that the threat of terrorism had been significantly reduced But Simon shows how terrorism grows out of political economic and social grievances that can never be fully resolved as events in Israel and elsewhere continue to demonstrate Living with terrorism will be an inescapable part of life in the twenty first century Simon calls on officials to move away from the useless rhetoric of defeating terrorism and to focus instead on achievable goals in combating this global problem **Radicalization to Terrorism** Sophia Moskalenko,Clark McCauley,2020-05-01 Radicalization to Terrorism What Everyone Needs to Know synthesizes original and existing research to answer the questions raised after each new terrorist attack It enables readers to see beyond the relentless news cycle to understand where terrorism comes from and how best to respond to it **Terrorism: A Very Short Introduction** Charles Townshend,2011-09-08 Is one person s terrorist another s freedom fighter Is terrorism crime or war Can there be a War on

Terror For many the terrorist attacks of September 2001 changed the face of the world pushing terrorism to the top of many political agendas and leading to a series of world events including the war in Iraq and the invasion of Afghanistan Charting a clear path through the efforts to understand and explain modern terrorism Charles Townshend unravels a series of complex questions including Are terrorists criminals How far does media publicity sustain terrorism and What can be done about it Fully updated for 2011 this Very Short Introduction examines the historical ideological and local roots of terrorist violence Townshend explores terrorism in relation to revolutionary power nationalism and religious extremism considering the successes of specific terrorist and anti terrorist campaigns in the distant past and in recent years Providing a discussion surrounding the on going debates about the erosion of civil liberties in response to increased terrorist activities Townshend addresses the question we are all facing how does terrorism end ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Terrorists and Terrorism Carole Marsh,2004-01-01 In this invaluable book kids will learn about thee troublesome current events that plague our world today in a way that these young readers can understand and learn to express their questions and opinions This knowledge and the ability to become part of the dialogue of what is going on today is extremely reassuring to young minds Who And why That s what all kids want to know Carole Marsh makes it easy to not only make sense of the madness but also benefit from being able to use this information as a base for further learning From the Terrorists' Point of View Fathali M. Moghaddam,2006-06-30 Presenting a picture of the world giving rise to Islamic terrorism From the Terrorists Point of View argues that terrorism arises from a deep and pervasive identity crisis in Islamic societies The account presented in these 10 chapters is shaped by the author s first hand experiences of life in the Islamic world as well as his more than quarter century of research on the psychology of conflict and radicalism Moghaddam shows us why individuals who are recruited into terrorist organizations are convinced it is the only viable alternative They believe there are no effective legal means of expressing their grievances and participating in decision making so they become socialized to see terrorist organizations as legitimate The organizations they join train them to adopt an us vs them categorical view seeing all members outside their group including civilians as among the evil enemy ranks Looking at the perspective of the terrorist groups themselves Moghaddam explains why current U S policy focusing almost exclusively on individual terrorists and their eradication will achieve only short term gains He argues that the more effective long term policy against terrorism is prevention That he writes requires cultivation and nourishment of contextualized democracy through culturally appropriate avenues Only allowing people a greater voice and creating mobility opportunities for them will ensure that they do not feel a need to climb the staircase to terrorism **Terrorism in America** Harvey W.
