Bi-directionality in the Cognitive Sciences Marcus Callies, Wolfram R. Keller, Astrid Lohöfer, 2011 Cognitive science is the interdisciplinary study of the human mind As far as the exact relationship between the cognitive sciences and other fields is concerned however it appears that interdisciplinary exchange often remains unrealized possibly because of the unidirectional application of theories concepts and methods which impedes the productive transfer of knowledge in both directions In the course of the cognitive turn in the humanities and social sciences many disciplines have selectively borrowed ideas from core cognitive sciences like psychology and artificial intelligence The day to day practice of interdisciplinarity thus thrives on one directional borrowings Focusing on cognitive approaches in linguistics and literary studies this volume explores bidirectionality a genuine transdisciplinary interchange in which both disciplines are borrowing and lending The contributions take different perspectives on bidirectionality some extend unidirectional borrowing practices and point to avenues and crossroads while others critically discuss obstacles challenges and

The Death Script Ashutosh Bhardwaj, 2020-06-25
Remarkable closely reported sharply insightful richly readable RAMACHANDRA GUHA From 2011 to 2015 Ashutosh Bhardwaj lived in India's red corridor and made several trips thereafter reporting on the Maoists on the state's atrocities and on lives caught in the crossfire In The Death Script he writes of his time there of the various men and women he meets from both sides of the conflict bringing home with astonishing power the human cost of such a battle Narrated in multiple voices the book is a creative biography of Dandakaranya that combines the rigour of journalism the intimacy of a diary the musings of a travelogue and the craft of a novel Through the prism of the Maoist insurgency Bhardwaj meditates on larger questions of violence and betrayal sin and redemption and what it means to live through and write about such experiences making The Death Script one of the most significant works of non fiction to be published in recent times
