The Brotherhood:

The Selected Works of Eugene V. Debs, Vol. I Tim Davenport, David Walters, 2019-02-19 This is the first in a five volume series that will collect much of trade unionist and Socialist Party founding father Eugene V Debs work for the first time in a single place The collection makes readily accessible approximately 150 documents only a few of which were ever subsequently republished by one of the seminal figures in the labor movement of his era Illuminating 19th Century labor history particularly the complex and shifting situation in the transportation industry this volume provides a basis for deeper understanding of Debs and his role later during the glory days of the Socialist Party of America

The Human Behavior Valentin Matcas, 2018-04-20 Your behavior consists of everything that you do in life knowingly and unknowingly Even more your behavior represents and is a consequence of everything that you need mean and think throughout life Yet it was so easy to manage your life if your behavior was so easy to define because you always live your life alongside the rest of society and always influenced by the rest of the world in every manner You are a social value highly useful to others and this is how others end up controlling you and your behavior according to their own needs and reasoning with or without your consent And this is how you behave and live your life in society you influence and you are influenced by others continuously according to your needs beliefs duties capabilities orders and agendas And you do so successively continuously and many times simultaneously throughout life and throughout society Even more your social behavior does not define you entirely since your private hidden behavior is distinct from your open social one You work hard to keep this shadow behavior unnoticed and at bay but now when you consider it you realize that it defines you more than everything else This has always been the case it can make life fun and exciting at times yet it can become dangerous and expensive Because it has become a continuously hidden need that you are forced to fulfill consistently and many times you would rather avoid this private behavior if you only knew how What happens is that the entire world lives in this major dissociation because everybody seeks privacy and intimacy in life for various reasons as everybody lives in the hiding most of the time overwhelmed guilty and confused And now you seek to find out why you behave in this manner you want to know what you can do in order to change and improve your behavior you seek to know how to educate your children towards adopting a good behavior in life and in the world and this is why you read this book Throughout this book you learn everything about the human behavior everything necessary to help you control yourself understand others and develop to higher levels along with everything necessary for you to help and educate others to behave well while developing consistently to higher levels

Islamism and Revolution Across the Middle East Khalil al-Anani, 2021-08-12 Why did Islamists respond so differently to the Arab Spring What do these different responses tell us about Islamists ideological commitment and resilience or the contexts within which they were functioning This book is based on fieldwork on Islamists in eight Middle Eastern countries Egypt Tunisia Libya Morocco Yemen Jordan Kuwait and Syria The contributors trace the transformation of the Islamists ideology behaviour and strategy since the

beginning of the Arab Spring The aim of the book is to show that Islamists necessarily have an interactive and dialectical relationship with the environments in which they find themselves and that their behaviour and political calculations are based on a wide range of local regional and global factors They take into account the impact of the different contexts the groups found themselves in from authoritarian to open and reformist and contexts of armed conflict and civil war An interdisciplinary project the book captures the ongoing transformation of Islamist parties to explain the reasons why some movements could adapt and make shifts in their discourse and strategy maintaining organizational coherence and unity while others fell short and suffered major splits and schisms The robust theoretical findings update existing literature on Islamism and advance the state of the field
